RUNS AMUCK WITH GUNS AND BOMBS

Maniac Causes Reign of Terror in Block in Aurora, Ill.

SHOOTS SEVERAL; KILLS HIMSELF

Attacks Family of His Best Friends and Slays Wife and Mother.

Aurora, Ill., April 8.—John Anderson, a plumber, whose mind had been affected, became suddenly violent today and arming himself with two pistols, a shot gun and three bombs which he fastened to his person by means of a harness, started out to kill the inhabitants of the block in which he said malicious gossip concerning himself had been circulated. He killed one woman, narrowly missed slaying her husband, wounded another woman and then committed suicide.

Dead and Injured.

The dead:

Mrs. John McVicker, shotd through the heart as she ran toward a room where her children were playing.

John Anderson committed suicide by blowing off his head with a shot gun.

The injured:

Mrs. John Belford, flesh wound and broken arm from pistol bullet.

John McVicker, husband of Mrs. McVicker, scalp grazed by bullet.

Terrorized Entire Square.

Anderson terrorized the entire square, the inhabitants of which he had announced his intention to annihilate. That his already weakened mind had completely given way was obvious. Doors were locked and barred and women and children fled to cellars and attics as soon as they saw the maniac walking along the street, scrutinizing different houses and acting as if undecided where to begin.

His first stop was at the home of Mrs. McVicker, probably his oldest and best friend. Mrs. McVicker and her husband had repeatedly befriended Anderson, who was a widower. They had received him at their home and had nursed him when ill.

Kills Mrs. McVicker.

With pistol in each hand Anderson began firing. The first bullet grazed McVicker's scalp. Mrs. McVicker ran toward the kitchen, where her four children were playing, in order to protect them. She fell down across the threshold with a bullet through her heart.

Apparently satisfied, Anderson left the place and proceeded to the home of John Belford, a few doors distant. Anderson's resentment was centered on Bedford, whom he accused of circulating slanderous stories about him.

Mrs. Bedford and her mother, Mrs. Amanda Mintern, 80 years old, and blind, were alone in the house.

Opens Fire on Women.

Anderson opened fire with his pistol on Mrs. Belford. One bullett inflicted a flesh wound and another shattered her arm and she fell to the floor.

Mrs. Mintern, hearing but not seeing, rose from the couch on which she had been resting and began groping her way across the room, the maniac, however, paid no attention to her. By this time the neighborhood had become alarmed and men began gathering in the street outside. Anderson walked to the window and peered out, then he returned to the center of the room, picked up his shot gun from the table on which he had placed it, and blew out his brains.

Mrs. Mintern, in moving blindly about, had returned to the couch just as Anderson's body fell across it.

Bombs Did Not Explode.

To the fact that he fell on this yielding surface is due the failure of the bombs strapped to his person to explode.

They were home-made and it is believed were carried by Anderson in order to make sure of his own death in case of accident to his other weapons. It was an hour before the people in the neighborhood calmed down sufficiently to unlock doors and windows and to emerge on the street.

CUSTODIAN MUDDLE GOES TO COURTS AT LAST

Governor Names One and Sims and Billheimer Another.

Indianapolis, April 8.—Governor Marshall today appointed Thomas F. Colbert, former chief of police of this city, custodian of the state house.

Secretary of State Sims and Auditor of State Billheimer appointed Charles J. Wheeler (republican), of Noblesville, to the same position.

The question of which one shall have the office will be taken into court.

'CELLO PLAYER ENDS LIFE.

Boston, Mass., April 8.—Eric Loeffler, a 'cello player in the Boston Symphony orchestra, committed suicide last night by inhaling gas. In a note left for his landlady Loeffler apologized for the trouble and annoyance that his act would cause her and said he could no longer continue a struggle against the liquor habit.

Dr. W. H. Waller, of Angola, is in the city.

Great Polish Actress Whose Death Has Just Occurred in California

MME. HELENA MODJESKA

GREAT ACTRESS IS DEAD AFTER LONG ILLNESS

Mme. Helena Modjeska, Polish Queen or Tragedy, Dies in California.

Los Angeles, Cal., April 8.—Mme. Helena Modjeska, the famous Polish tragedienne and one of the most noted actresses on the American stage, died at 10 o'clock today at her island home at Bay City, Orange county, at the age of sixty-five after an illness of about two months. For several days she had been unconscious and her death was almost hourly expected. Brights disease complicated with heart trouble was the immediate cause of death.

Gathered around the bedside of the noted actress when she passed away were Count Bozenta, husband of Madame Modjeska; Ralph Modjeska and his wife, a son and daughter-in-law, of Chicago, and Dr. J. C. Boyd, the family physician.

The body of the actress will be embalmed and taken to Los Angeles, where it will lie in a vault for some time. Later Count Bozenta will take the remains to Cracow, Poland, the early home of Modjeska, and there they will be interred. No arrangements for any public funeral services have yet been made.

CRAFT AND SIXTEEN MEN MISSING IN LAKE ERIE

Storm on the Water Doubtless Has Wrecked Ships and Drowned Crews.

Cleveland, April 8.—The fishing tug George Flood, with seven men aboard, and the sand sucker Mary H., with a crew of nine men, are missing, and the barge Norman Kelley, with a crew of four persons, was rescued last night after a desperate struggle as a result of a fierce windstorm which raged on Lake Erie yesterday. The wind blew a sixty-mile gale throughout the day. Life-savers have been unable to do effective work and but one tug, the Anson M. Bangs, which rescued the barge Kelley near Sandusky, has been able to make any headway on the water.

The steel barge Kelley was tossed about like a cork on the lake from 9 o'clock yesterday morning until after 6 o'clock last night. The crew, three men and a woman, were picked up after floating fifteen miles away from Kelley's Island, the mooring point of the boat.

Rescued With Death Near.

They had given up all hope of being rescued when the tug found them. They greeted the tug with feeble cheers and tears coursed their checks as the barge was taken in tow to Sandusky.

It was while Joseph Enlo, Charles Todd, Mrs. Wood and a deckhand were attempting to strengthen the moorings of the Kelley that the ropes broke and they drifted out to sea. There was neither an engine nor an oar on the barge, so the crew was at the mercy of the waves.

Several small buildings were wrecked, buggies overturned and automobiles lifted from the ground and whirled through the streets in Cleveland. A special squad of policemen assisted the pedestrians across the streets at corners where the gale blew the swiftest. Two men were blown from the shore of the lake into the water. Both were rescued.

HAL CHASE SUFFERS WITH ATTACK OF SMALLPOX

New York First Baseman is Removed to the Pest House.

Augusta, Ga., April 8.—Hal Chase, the first baseman of the New York American league team, is in the pest house here with a severe attack of smallpox and the other members of the team are watching their arms and wondering if the vaccine virus will put them out of the game before the season opens. They were all vaccinated as soon as Chase's condition became known.

Chase was taken sick here immediately after the team's arrival from Macon, about a week ago. Two or three days ago the physicians pronounced his illness smallpox and sent the famous infielder to the pest house. The authorities suppressed the fact that Chase's illness was smallpox, however, and gave out that he was suffering from stomach trouble. They then denied the truth of the report until this morning, when the members of the team who had been vaccinated told the facts. The physicians say there is no danger of a serious termination of Chase's illness, nor do they believe that any others on the team will suffer any more serious inconvenience than sore arms.

Hal Chase's malady is officially pronounced varioloid. He is not confined to bed, but spends part of each day on the roof of the hospital watching the team practicing in the neighboring baseball park. He will be detained three weeks.

TAFT STATES THAT TAYLOR'S JOB IS SAFE

Assurances Today That Watson Will Not Displace Fort Wayne Man.

Friends of Judge Robert S. Taylor today received assurances that President Taft will not oust him from his place on the Mississippi river commission in favor of James E. Watson, who was reported to be seeking Mr. Taylor's federal job. The assurance was in the nature of a telegram received at 10 o'clock this morning from Secretary of War Dickinson and as Judge Taylor left last evening with his wife for St. Louis to join the commission party for the annual inspection trip down the river, the word was sent to Carol, Ill., where the jurist will receive it tomorrow morning.

Local adherers of the judge have been considerably worried since the receipt of the advice of Watson's supposed yearnings and the news this morning was particularly welcome. Judge Taylor has been engaged for the past few days in strongly entrenching himself in case the matter should come to a head in which event he would have had to depend for much of his support upon the congressmen from the districts along the Mississippi river which he will visit during the next ten days.

HAD NARROW ESCAPE.

A buggy in which Joe Butte was returning home yesterday afternoon barely escaped being struck at the McIntosh crossing on the Nickel Plate road. The horse became frightened and overturned the rig, throwing the occupant out, but he was not injured.

CASTRO SUFFERS FROM OLD WOUND

Ex-President of Venezuela in Grave Condition on Martinique.

FRANCE ORDERS HIM TO LEAVE ISLAND

Right of Asylum There is Denied—People Show Him Sympathy.

Fort de France, April 8.—Shortly after returning from a drive through Fort de France this morning Cipriano Castro became suddenly ill. He complained of severe pains in the abdomen and it was apparent that he suffered greatly. The scar left by the operation performed in Berlin has opened and his condition is undoubtedly grave.

The former president of Venezuela was informed today of the decision of the French government to expel him from Martinique. He appeared not to believe the news.

FRANCE WILL EXPEL HIM.

Paris, April 8.—The French government decided today to expel Cipriano Castro, the former president of Venezuela, from the French island of Martinique, on the ground that his presence there was likely to foment a revolution in Venezuela.

This decision followed consideration of a cablegram from M. Jusserand, the French ambassador at Washington, giving an account of his conference with the secretary of state yesterday. The decree of expulsion will be communicated to Castro immediately, through the prefect of Fort de France, where Castro now is.

It is presumed here that the government of the United States, which initiated the exchange with foreign governments to prevent Castro from establishing headquarters close to the Veneauelan consul, will prevent him making his way to the mainland on a sailing vessel. This course will leave Castro the alternative of taking refuge on one of the Danish West India islands or returning to Europe.

The French line steamer Versailles touches at Fort de France April 10 on her way back to Europe.

PEOPLE WITH CASTRO.

Fort de France, April 8—Cipriano Castro drove through Fort de France this morning to see the town. The attitude of the people toward him is one of sympathy. Yesterday the ex-president showed signs of fatigue, but today he was in better spirits and seemed to be stronger.

Castro maintains absolute silence with regard to his intentions. He is awaiting the arrival of the mail steamers from Venezuela and Port of Spain.

He is still indignant at the course of the powers in forcing him to land here and preventing him from going to Trinidad, and he characterizes this step as a violation of his personal liberty.

JUDGE WARNED NOT TO PERMIT RACE MIXTURE

Attempt of Black Man and White Girl to Wed May Bring Lynching.

Columbus, Ohio, April 8.—Probate Judge Samuel L. Black was warned today against issuing marriage licenses to blacks and whites. It was evidently intended as a joke, but it was not the more pleasant on that account. The message came in the form of a twenty foot rope with a note attached, left hanging on the knob of his office door. Dire vengeance is uttered in the communication. The note reads:

"April 7, 1909. No niggers and whites can marry in this town. Remember Springfield. The rope means what you will get. If that nigger gets a license to marry that white girl there will be trouble. This is for the nigger and he can see by this hangman's noose what he can expect. Fifty colored and fifty white."

The courts have practically decided that Willis Marcand, colored, aged 34, in the real estate business, can marry Stella Cunningham, aged 21, a white waitress.

SEEKING NEW PRESIDENT.

Place in Angola College Has Been Tendered to Prominent Educator.

Angola, Ind., April 8.—It is learned that the presidency of the Tri-State Normal school in this city has been tendered to a prominent normal school educator, though the school authorities decline for the present to divulge his name.

Dr. L. M. Sniff, who resigned the presidency of the school some days ago, has, it develops, also sold his entire interest in the institution. Dr. Sniff will locate in California.

LITTLE FOR THE BOARD.

The acceptance of the paving on Taylor and Brackenridge streets and the widening of Taylor street west of Fairfield avenue were slated for the board of public works meeting tonight. The three matters will probably all be postponed.

MAY PLUNGE INTO MULLAH UPRISING

Fanatics in East Africa are Getting Ready to Make Trouble.

MAY INTERFERE WITH ROOSEVELT

Orders Given for the Thorough Protection of the Ex-President.

Mombassa, B. E. A., April 8.—According to native reports received here the Mullahs of the Somalis inhabiting the desert country north of the protectorate are showing further signs of unrest and are massing on the northern boundary of Kenya province. When the natives go out for trouble they generally bear to the westward, in the direction of the settled districts and the good hunting grounds. It is said here that the colonial office in London has issued instructions to the governor of the protectorate to surround Mr. Roosevelt on his hunting trips with every possible precaution for his safety.

The plans for the hunting trips of the Roosevelt party are reaching completion. It has been decided that Kermit Roosevelt is to take a number of short separate hunting trips with a Portuguese Indian guide named Silva, who is a famous hunter. For the first fortnight of their stay the Roosevelt party will be the guests at Athi River of Sir Alfred Pease, a well known hunter, who has a large estate at Kilina Theki. The second fortnight they will be the guests of George McMillan at Ju Ja ranch.

F. J. Jackson, lieutenant governor of the protectorate, is at present at Mombassa arranging the details of the reception to the Roosevelt party.

A local hunter recently secured an elephant in the cannibal country whose tusks weighed 200 pounds.

Mr. Delamere, a game ranger; Percival Jackson, an entomologist, and Mr. Anderson, members of the local Natural History society, have been appointed a sub-committee to confer regarding the details of Mr. Roosevelt's reception.

SAYS OCTOPUS WAS GUILTY OF BIG MISTAKE

Should Have Paper Capital of a Billion, Declares Attorney Milburn.

St. Louis, Mo., April 8.—"We ought to have been in the fashion and increased our capitalization from its insignificant $97,000,000 to a billion," declared Attorney John G. Milburn today in his argument for the Standard Oil company, now on trial before the United States circuit court of this district for alleged violation of the Sherman anti-trust act.

"If we had but made our capital $1,000,000,000 as we might probably have done and declared a 4 per cent. dividend, there would have been no complaint against us."

Mr. Milburn claimed that the government insisted upon basing its estimates of profit upon the defendants' capitalization and not the book or actual assets.

The four judges followed the noted lawyer's address with marked attention, but do not hesitate to propound perplexing questions to him when his meaning is not quite clear to them.

Today Mr. Milburn devoted several hours to replying to Attorney Kellogg's charges that the Standard had earned the enormous profit of $700,000,000 upon a capitalization of $97,250,000. This sum, Mr. Kellogg charged, was both enormous and unreasonable. That the defendants had made either enormous or unreasonable profits Mr. Milburn denied. That the profits exceeded the sums paid out as dividends, the attorney said, was true, but that such surplus had been used in the extension of and construction of other properties.

Value of Property $200,000,000.

Another statement was that the value of the properties owned by the Standard of New Jersey, which the government seeks to dissolve, capitalized at $97,250,000, really possesses interests worth not less than $200,000,000.

"And," declared Mr. Milburn with marked emphasis, "the government's theory for estimating profits, as set forth in the petition, is unsound in law and does not accord with business principles or the facts of human experience. It is even difficult to discuss such a proposition with patience."

The attorney pointed out that the fundamental fallacy in the government's position was that it failed in any way to recognize the enormous cumulative effect of compound interest.

WILL MEET TONIGHT.

Democratic City Committee to Confer on Campaign Matters.

C. M. Gandy, the new democratic city chairman, will preside for the first time at the meeting of the democratic city central committee, which will be held this evening at 8 o'clock in the city hall assembly room.

Matters relative to the coming municipal campaign will be discussed.

DEATH COMES TO CAPT. J. L. TYLER

Former Fort Wayne Man Expires at His Home in Rome City.

WAS A VETERAN OF MEXICAN WAR

Long Indentified With City Schools as Instructor in Penmanship.

Capt. John L. Tyler, well-known former Fort Wayne man long connected with the city schools as instructor in penmanship, and a veteran soldier who served in the Mexican war under General Winfield Scott, died at 4:30 o'clock Wednesday afternoon at his home in Rome City.

CAPT. JOHN L. TYLER,

Former Fort Wayne Man Who Passed Away at Rome City.

Capt. Tyler lacked but a few weeks of completing the 83rd year of his life. For several years his health had been frail as the result of advancing age and several attacks of paralysis he had sustained. He possessed marvelous recuperative powers, however, and again and again he rallied from attacks which seemed to preclude recovery. This fact led to the hope that he might again survive the attack which came upon the aged man Tuesday, but the enfeebled veteran could no longer battle against the encroachments of weakness and age, and the end came Wednesday afternoon after the aged man had lain in a semi-conscious state for twenty-four hours.

Few men in Fort Wayne have been more active or more widely known in their days than was Captain Tyler, and he was long a conspicuous figure in educational circles in this city. And though it is nearly twenty years since he retired from his work as an instructor and went to spend his declining days in quietude at Rome City, there are thousands of people in Fort Wayne who will recall him in memories most kindly. Particularly is this true of those long since grown to manhood and womanhood who received from him instructions in penmanship in the Fort Wayne public schools during a period of nearly a quarter of a century.

Fought Under General Scott.

Captain Tyler was a native of New Hampshire, born at Chesterfield, June 17, 1826. As a young man he attended Norwich university, which was the Vermont state military academy, in 1845-6, and with the breaking out of the Mexican war he enlisted in the army and fought through that conflict as a soldier under General Winfield Scott, participating in many of the victorious engagements of the American soldiers in Mexican territory.

During the civil war Capt. Tyler was a resident of Ohio, and while he did not again go to the front as a soldier, he lent valuable assistance in recruiting and drilling the newer generation of volunteers who then marched forth beneath the same flag which Capt. Tyler had followed in Mexico near a score of years before. His interest in the comrades of both wars Capt. Tyler retained down to his last days upon earth. So long as his health would permit it, it was Capt. Tyler's custom to participate in the gatherings of the veterans, and year after year he made the trip from Rome City to Fort Wayne to join in the annual observance of Decoration day. Despite advancing years, too, Capt. Tyler disdained offers of a carriage in the parades, and his trim, slight, soldierly figure was invariably in the line of marchers who paid loving tribute to the soldier dead.

Was a Remarkable Penman.

From boyhood Capt. Tyler had been a penman of remarkable skill, and forty years of his life was devoted to the teaching of penmanship and drawing in the public schools of Ohio and Indiana. Of this time, twenty-three years was spent in the schools of Fort Wayne, and he continued in the work actively until about twelve years ago. His penmanship was a beautiful script, regular as copper-plate engraving, and he was especially skilled, also, in ornamental engrossing. For many years it was the custom to employ Capt. Tyler to write the diplomas for graduates of the Fort Wayne schools, and this office he performed long after his retirement from active teaching—up to five years ago, in fact. Personally Capt. Tyler was a most likeable man of charming address and kindly attributes, and his pupils were devotedly attached to him. Hundreds of specimens of his penmanship are yet treasured in the homes of his former students in this city. When en-

CUBS FIND COLD DAY FOR BATTLE

Manager Chance Wanted to Call the Game Off on Arrival.

DICKER FOR MEN WAS NOT CLOSED

Varnell Willing to Meet Terms But Chance Held Off.

Manager Frank L. Chance, at the head of practically the same great base ball organization that has won two successive world's championships, arrived in Fort Wayne over the Lake Erie from Terre Haute shortly before noon today and found a weather condition that caused him to ask that the game be declared off, but Owner Claude H. Varnell and Manager Jack Hendricks balked on disappointing the public a second time and it was decided to pull off the affray scheduled for league park this afternoon.

Right on the heels of his arrival Mr. Varnell took the peerless leader in tow and opened up the negotiations for Players Channell and Henry Butcher, but the deal was not closed and will not be until late this afternoon. Chance wanted to hold off until he had heard from President C. W. Murphy at Chicago. Evansville has made an offer for Butcher and Fort Wayne has made one for both of the players, and while it was reasonably certain that Channell would be bought there was some chance that Butcher might go to Harry Stahlhefer's club.

Waiting on Manager Chance.

Mr. Varnell had a telegram during the day offering him Second Baseman Lauterborn, who is the property of Wilkesbarre, Pa., and who is said to be a finished player, but nothing was done pending an answer from Chance on the Butcher matter. The Fort Wayne owner is ready to meet the terms of Chance and it will not be his fault if the deal fails to go through.

In the Chicago club's party are Manager Frank L. Chance, Secretary C. G. Williams, Catchers Pat Moran, J. Archer, Tom Needham, Pitchers Mordecai Brown, Orvie Overall, Chick Fraser, Andy Coakley, Jack Pfiester, F. H. Kroh, Carl Lundgren and Ed Ruehlbach, Infielders H. Zimmerman, Artie Hoffman, Harry Steinfeld, G. Howard and Henry Butcher and Outfielders George Browne, Jimmy Slagle, Jimmy Sheckard, L. Channell and J. Stanley. "Doc" Semons is with the club as chief of the sore muscle department.

Ed Ruehlbach, who is a Notre Dame university boy, found a telegram waiting him here advising him of the serious illness of his wife and went right on to Chicago. Joe Tinker was called home yesterday and was not with the club.

May Be Sent Here With Second Team.

In event the deal is closed for Channell and Butcher they will be sent to Chicago from here with the second team to play a game on Sunday and then they will come to Fort Wayne permanently.

The base ball writers with the team are Hugh Fullerton, a Fort Wayne man, who is covering the training trip for the Chicago Examiner; George McDonald, of the Journal; William Veeck, of the American; Harold Johnson, of the Record-Herald; R. W. Lardner, of the Tribune, and James Gilruth, of the Chicago News.

The club put up at the Anthony and will remain here tonight, leaving over the Lake Erie in the morning at 7:30 o'clock. The attendance at the game was small, owing to the extremely cold weather, but more people were in the stands when it was called than were expected.

CAPITAL CITY WILL NOW GET A NEW CITY HALL

Injunction Preventing City from Letting Contract Has Been Dissolved.

Indianapolis, April 8.—Judge Charles Remster, of the circuit court, today dissolved the restraining order preventing the city from letting contracts for the construction of the new city hall and denied the injunction asked by Otto Stechhan and Frank W. Flanner.

In his carefully prepared decision Judge Remster declares that within the purview of the law the plans for the city hall are all right, the notice of the contract letting meeting all requirements and that no "monopolistic" conditions are erected by the specifications. He decides that the court has no right to inject itself into the selection of a design or type of building and that in the hearing of the petition for the temporary injunction no fraud was shown—that fraud was only inferred.

FIX DATE FOR OPTION VOTE.

Rockport, Ind., April 8.—The county council of Spencer county has made an appropriation of $2,425 for local option election and the date of the election has been fixed for May 4. There are now twenty-two saloons in Spencer county.

The Philomath club will be entertained Friday afternoon by Mrs. Bair, 457 East DeWald street.

DEATH COMES TO CAPT. J. L. TYLER

[Continued from Page One.]

croaching age at last made it imperative that he relinquish active work, Capt. Tyler purchased a modest little home at Rome City, and there the closing years of his life were spent in quiet retirement.

His Family Life.

The photograph from which the accompanying portrait was made was taken in 1893, when Capt. Tyler was 69 years of age. It is the last photograph of him taken with the exception of snap-shots amid his home surroundings at Rome City. Capt. Tyler was united in marriage February 11, 1850, to Adeline Julia Howard, who survives, together with two children—Jason K. Tyler, of Rome City, and Mrs. John B. Stroup, of Kenton, O. A son and a daughter are dead. Mrs. Charles Alexander, of Fort Wayne, is a granddaughter.

Funeral services are to be held at Rome City Friday morning, and at noon the remains will be brought to Fort Wayne for interment at Lindenwood.

LONG DEADLOCK IS UNBROKEN.

Sixty-Eighth Joint Ballot in Illinois Without Result.

Springfield, Ill., April 8.—The roll call on the 68th joint ballot for the election of a United States senator passed without incident today. Former Senator Hopkins received 71 votes as compared with his vote of 73 yesterday. Speaker Shurtleff received 17 votes and Foss 16 and no changes of moment occurred on the republican side. On the democratic side a complimentary vote of 37 ballots was given to P. J. Lucey, of Streator. L. B. Stringer, the regular democratic nominee was given 21 votes. At the conclusion of the ballot the joint session arose on the understanding that the quorum would be broken tomorrow and the next actual joint ballot from which results may come would be taken next Wednesday noon.

Attorney H. W. Mountz, of Garrett, is in the city.

C. W. Moreland, of the Baltes hotel, has gone to Mt. Clemens, Mich., to take treatment for lumbago, with which he has been afflicted for several weeks.

DEATH COMES WHILE MAN IS EATING BREAKFAST

J. F. Remmy Expires Suddenly in Milan Township —Other Deaths.

Sudden death, due to the infirmities of age, came upon J. F. Remmy, a pioneer resident of Milan township, as he sat eating his breakfast Wednesday morning. Mr. Remmy had been in impaired health for some time, but his collapse was wholly unexpected.

Mr. Remmy located in Allen county many years ago and was a successful farmer. He served as a soldier during the civil war, and was a prisoner at Andersonville, much of his subsequent ill-health having been attributed to his experiences there. He was 77 years of age, and was a member of New Haven lodge No. 253, I. O. O. F., since July, 1892, a member of the Masonic lodge at Maysville and a member of Fort Wayne lodge No. 116, Knights of Pythias.

Surviving relatives include the wife, a son, Wallace Remmy, residing in Ohio, and a daughter, Mrs. Henry Botteron, in Milan township. Funeral services under the auspices of New Haven lodge of Odd Fellows Friday afternoon at 1 o'clock from the residence and later from Taylor chapel; interment at Bowers chapel cemetery.

KUPER.

Mrs. Catharine Kuper, until two years ago a resident of Fort Wayne, died Tuesday at her home in Hamilton, O., at the age of 83 years. Surviving relatives include a daughter, Mrs. Anna Kuper, two grandsons, Bert and Theodore Kuper, and two sisters living in Germany.

Funeral services were held Thursday morning at Hamilton. Mrs. Henry Kappel, of Washington boulevard east, was in attendance at the service.

FUNERAL NOTICES.

Koenig.—Funeral services of John Nicholas Koenig will be held Saturday afternoon at 3 o'clock from the residence, 2419 Miner street.

Riethmiller.—Funeral services of Mrs. Barbara Riethmiller will be held Sunday afternoon at 2 o'clock from the residence, 2028 Riethmiller avenue, and at 2:30 from St. John's Lutheran church. Please omit flowers.

King.—Funeral services of Victor King will be held Saturday morning at 9:30 from the residence of a sister-in-law, Mrs. Margaret Wendellen, 1025 Washington boulevard east, and at 10 o'clock from St. Mary's Catholic church. Friends may view the remains at the residence after noon on Friday.

POSTPONE "DIVIDEND" DINNER.

Novel Affair for Wayne Club Members Will Be Given Soon.

The novel "dividend" dinner for the members of the Wayne club, which was to have been given on next Saturday evening, has been postponed probably to be given a week later. Annually since the remodeling of the Wayne club building a dinner has been given at which dividends were paid to those members who had at that time taken up the bonds issued by the club. As the surplus fund admits, these men are being paid back and the purpose of the affair planned for this week was to distribute the checks among those who had aided the club. The committee consists of Ross McCulloch, W. M. Griffin and J. M. Landenberger.

FRUIT PROSPECTS FINE.

Local Outlook Was Never Better, Says W. F. DeVilbiss.

W. F. DeVilbiss, one of the most prominent fruit growers in Allen county, is authority for the statement that local prospects for a banner fruit crop were never better than now.

"Every condition is most promising," said Mr. DeVilbiss today, "and if it will only remain cold for ten days longer, so that the warm weather, when it comes, will be more likely to be permanent, I look for a very fine fruit crop in Allen county this year."

Mr. DeVilbiss is widely recognized as an authority upon the matter of fruit-raising, and he has in Washington township one of the very best fruit farms in the northern part of the state.

CITY COURT CASES.

Small Docket Presented to the Judge for His Disposal.

In the city court today Peter Randall and William Comer, two boys who were loitering around pool rooms, were given an hour to get out of the city.

Fishback Allen was fined $25 and costs for drunkenness. This was his second appearance.

Jeff Myers' case was continued until tomorrow morning.

William Piatt, charged with neglecting his children, had his case continued until tomorrow.

COLD ACQUAINTANCE

"Are you acquainted with Mrs Frost?"

"Oh, yes; we exchange smoke regularly."

SENATE WILL SLASH DUTY ON IRON ORE HALF

Rate to be Cut to 20 Per Cent—House Corrects Payne Measure.

Washington, April 8.—The present intention of the senate committee on finance is to place a duty of 20 cents per ton on iron ore. Under the Dingley law iron ore is dutiable at 40 cents per ton, while the Payne bill puts it on the free list. The decision of the senate committee is in the nature of a compromise and was brought about by the insistence of Senator Burrows and his colleague, Senator William Alden Smith.

Iron ore is one of the products which has given the house and senate committees a great deal of trouble. While some of the ore producers admitted frankly to the house committee that they could stand their share of reduction if there was to be a general revision of the tariff downward, few of them were willing to admit that they could stand free ore. Some of the principal iron ore ranges of the United States are located in Michigan, particularly the Mesaba range, and the industry is one of supreme importance to the state.

Until yesterday it was practically conceded that the senate committee would agree to free ore.

House Corrects Payne Bill.

When consideration of the Payne tariff bill was resumed by the house today further committee amendments in the nature of verbal corrections were taken up and adopted.

The mica schedule was stricken out and a new one substituted providing that unmanufactured mica shall pay a duty of 5 cents a pound and 20 per cent ad valorem and that mica cut or trimmed, mica plates and all manufactures of mica shall pay 10 cents per pound and 20 per cent ad valorem.

STANDARD OIL IS HIT.

Duty Ripped Away, Despite the Efforts of Uncle Joe.

Washington, April 8.—Yesterday was a bad day for the republican organization of the house. By a coalition between some republican "insurgents" and the democrats the ways and means committee was bowled over and the advocates of free crude oil and its products won a signal victory when an amendment by Mr. Norris, of Nebraska, placing the insignificant duty of 1 per cent ad valorem on those articles was adopted by a substantial majority.

A decision of the chairman that amendments could not be offered to the oil schedule, other than the one covered by the special rule of last Monday, and which provided for the removal of the countervailing duty on crude petroleum and applying ad valorem duty of 25 per cent, was overturned, and not even a fervid appeal by the speaker in an endeavor to rally the republican forces was sufficient to stem the tide avowedly against the Standard Oil company. By a practically unanimous vote the countervailing duty went out.

On all other propositions the committee was sustained. The barley schedule ran the gantlet without change. Tea and coffee were placed on the free list and the duty on barytes increased from 75 cents a ton to $1.50 a ton.

A colloquy, at first humorous but later developing into personalities, developed between Mr. Stanley, of Kentucky, and Mr. Clark, of Florida, and was terminated only upon an objection by Mr. Crumpacker, of Indiana, that it was against the dignity of the house.

Cannon's Speech in Vain.

When the oil schedule was reached Mr. Vreeland, on behalf of the ways and means committee, offered an amendment striking out the countervailing duty and fixing a duty of 25 per cent ad valorem. Mr. Norris, of Nebraska, moved a substitute providing for a duty of 1 per cent ad valorem. Against this Mr. Dalzell made the point of order that as it was not included in the committee proposition it could not be entertained. The chair sustained the point, but by a vote of 162 to 173 on division the chair was overruled, many republicans voting with the democrats against the chair. Tellers being ordered, the negative vote was increased and the vote stood 126 to 168. Thus the entire petroleum schedule was opened to amendment. The result created much excitement.

A bitter attack against the Standard Oil company was made by Mr. Cooper, of Wisconsin, in favoring the Norris amendment. Seeing the wave of sentiment in favor of the amendment, Speaker Cannon took the floor and warned the members of the dangers ahead. He made a plea for the American producer of oil. The amendment, he declared, was designed to punish the wicked Standard Oil company.

"Gentlemen," he said, "is it not well enough to see when you seek to punish somebody whom you claim is bad that you do not, like Samson, pull down the pillars and have the temple fall upon you?" The adoption of the Norris amendment, he said, would let in practically free refined oil from Mexico, "and still the gentleman from Wisconsin and others flap their wings and crow and crucify the people while they demagogue in denouncing the wicked Standard Oil."

ICE PRICES GETTING CHILLY.

Scarcity Promises 100 Per Cent Increase During Summer.

Chicago, Ill., April 8.—Scarcity of ice throughout the east and middle west and demands for increased salaries on the part of the ice wagon drivers and their assistants probably will double the price of ice in many sections of the country during the coming summer, according to statements of local ice dealers today. A raise of 33 1-3 per cent already has gone into effect.

CIRCUS A COUNTER ATTRACTION TO BOOZE WAR

Big Show and Option Election Due Same Day in Muncie.

Muncie, Ind., April 8.—Delaware county "wets" and "drys" are puzzled to know what to do in the matter of a circus that is scheduled to appear here on the day the county holds its option election. It is likely the circus will be urged to change its dates so that it may appear here at an earlier or later time. Sometimes the "wets" believe the circus would be a good thing for them and sometimes the "drys" believe the circus would help their cause, but neither is decided. Delaware county is to be flooded this week with 50,000 Anti-Saloon League buttons bearing the inscription, "The cross is greater than the dollar." Banners with similar inscriptions on them will adorn the churches Easter Sunday and thereafter until the election is over.

RESULTS WILL STAND.

No Likelihood That "Wet" Victories Will Be Contested.

Indianapolis, April 8.—Notwithstanding keen disappointment that the "wets" won option elections in two counties Tuesday and the belief that in both Cass and Blackford illegal votes were cast against the "drys," there is no known purpose to legally contest the result, so far as can be learned here.

Forty-five counties have held local option elections and in forty-two the "drys" have been victorious. Twenty-one counties are "dry" by remonstrance, making sixty-three that are "dry."

Elections have been ordered in Jackson, White, Delaware, Kosciusko, Martin, Starke, Jefferson, Fulton and Spencer counties.

FARMER DROPPED DYNAMITE.

Explosive Found and Exaggerated Story Circulated.

A farmer dropped a couple of sticks of dynamite from his wagon near the Berghoff brewery yesterday afternoon and the matter was reported to Patrolman Joe Golden, who threw the explosive into the river. An exaggerated report of the occurrence to the effect that an attempt to wreck the brewery had been made was circulated.

REPUDIATE HUGHES MEASURE.

No Chance for Direct Nomination Plan of New York Governor.

Albany, N. Y., April 8.—Governor Hughes' plan of direct nominations embodied in the Hinman-Green bill was repudiated by the assembly judiciary committee after a stormy session last night which lasted well into the morning hours and the committee today reported the bill adversely to the assembly, where its defeat is confidently predicted by those who throughout the session have been fighting for the retention of the convention system of nominations. Instead the republican organization proposes to support the primary bill of Assemblyman J. S. Phillips, chairman of the judiciary committee, which was reported favorably by the judiciary committee today along with the adverse report on the Green bill. The Phillips bill amends the general election law relative to the conduct of primaries, by requiring primaries in those rural localities where no official primaries are now held. The bill does not apply, however, to a primary held only for the purpose of nominating town, city or village officers.

RECOGNITION IS OBSTACLE.

Otherwise Miners and Operators Could Come to Agreement.

Philadelphia, April 8.—Recognition of the union is the single issue that stands in the way of the anthracite miners accepting the offer made by the operators to renew for the next three years the recently expired wage agreement. The proposition to renew the agreement was made at a conference held yesterday between representatives of the operators and miners and another meeting will be held this afternoon when the answer of the miners will be given.

Whether the miners will waive recognition is being threshed out at a meeting of the executive boards of the three anthracite districts in session this morning. There is a strong belief that an amicable agreement will be reached, if not this afternoon, then at another conference. In any event a strike, it is said, will not be declared.

GET ANOTHER SCARE.

Coal Dealers Advised to Prepare for Anthracite Strike.

Fort Wayne retail coal dealers had another scare in regard to the hard coal markets this morning when letters were received advising them that a strike in the anthracite regions is more than probable at some time during the next week or so. The unsettled conditions since the first of this month have resulted in the coal quotations continuing as they have been all winter, but it has been supposed that the affairs at the mines were becoming better and that notices of reduction would be forthcoming within a short time.

TIDAL WAVE SWEEPS ISLANDS.

Houses Destroyed on Rhiotonga and Moorea in South Seas.

San Francisco, April 8.—Great damage was done by a tidal wave that swept over the islands of Rhiotonga and Moorea March 15, according to reports brought by the steaer Mariposa, arriving yesterday from Tahiti. The wave came inward the shores of the islands in three successive rolls, destroying many houses and wrecking small craft. The [illegible] is attributed to recent volcanic actions on New Zealand.

JUDGE GETS HASKELL CASE.

Arguments to Quash Indictments Against Governor Concluded.

Tulsa, Okla., April 8.—Arguments were concluded yesterday in the motion to quash the indictments against Governor Haskell and five codefendants on land fraud charges growing out of the acquirement of town site lots in Muskogee. The motion was taken under advisement by United States District Judge John A. Marshall of Utah. The court's ruling is not expected for several days.

MAY WHEAT ON NEW BULGE.

High Record of $1.26¾ is Reached on Chicago Board.

Chicago, April 8.—May wheat established a new high record today, touching $1.26⅜, but closing a cent off from this. July contracts in which the bulk of trading was done, advanced to $1.12¾@$1.12⅞. Trading was comparatively quiet.

STRIPPED OF CITIZENSHIP.

Buffalo, April 8.—Judge Hazel, in the United States circuit court, today granted an order cancelling the citizenship papers of Jacob A. Kersner. Through this order all rights of citizenship also are taken from Kersner's wife, who is Emma Goldman, the anarchist. Kersner, it appeared, secured his citizenship documents in 1884, when he was only 19 years old and had been in this country only two years.

WESTON AT MANSFIELD.

Mansfield, O., April 8.—Edward Payson Weston reached here today. After a lecture tonight he probably will leave for Bellevue, for a forty-mile hike. Tomorrow he will go to Fremont, eighteen miles from Bellevue, and Saturday night reach Toledo, where he will spend Sunday. Weston says he is in good condition again.

MESSINA AGAIN SHAKEN.

Messina, April 8.—A violent earthquake was experienced here last night at 9:45 o'clock. It was accompanied by subterranean rumblings.

HON. R. M. LOCKHART DEAD.

Waterloon, Ind., April 8.—Robert M. Lockhart, former member of the state board of agriculture, died at his home in this city this morning.

CITY BREVITIES.

Mrs. C. W. Meyo, who has been visiting Mrs. J. C. Gowans, of West Creighton avenue, for the past few days, left today for her home in Kansas City.

Mrs. Elizabeth DeWitt, supervising deputy of the Royal Neighbors of America, will be in the city tomorrow to attend the meeting of the local camp.

This fashion should, I think, be equally becoming to both stout and thin women. It would be a relief and break to the former, supposing the hips were above the normal, and give a graceful effect when worn by a slight woman.

GAVE HIM THE KNOUT.

Lash Youth's Bare Back for Crime He Attempted.

Vancouver, B. C., April 8.—The whipping post as a punishment for a crime against a young girl was brought into use at Wattsburg, a milling town in the Crow's Nest Pass district.

A young man named Anderson confessed to having attempted to entice a girl of tender years. Mayor E. J. Watts gave him his choice of a jail sentence or a lash. The prisoner chose the lash and he was stripped and commanded to place his hands above his head and he leaned forward against the flagstaff in the front yard of the court house. The lash was applied vigorously to his back. Every stroke brought forth cries of mercy. Anderson left the city later.

WITHDRAWS $250 REWARD.

McRae, Ga., April 8.—Governor Smith yesterday withdrew his offer of a $250 reward for the apprehension of the murderer of Pope Hill, the attorney slain Sunday night while in his office at work on the famous Dodge land case. Governor Smith said he would make no statement of his reasons for withdrawing the reward. He said that later a reward may be offered.

DOCTOR HAS RIGHT TO TESTIFY IN COURT

Examinations for Railroad Companies are Not Privileged.

In the superior court today Dr. J. E. Bickel, examining physician for one of the railroads, was called to testify as to the physical condition of Nelson Hoffner, who is suing Edward White for damages, and objection was made on the ground that it was a professional secret between doctor and patient.

Judge Heaton heard the arguments and decided that if Hoffner had gone to Dr. Bickel and employed him as a physician he could not have testified. He went, however, as an applicant for a positon and the seal of secrecy was not placed on what transpired. An effort is being made to show that Hoffner was suffering from disease and that he was not hurt by being struck by an automobile, as he charges.

Court Notes.

The suit of the United States Casualty company against the Mendenhall Stove company was heard in the circuit court today and taken under advisement. The Casualty company is seeking to recover premiums alleged to be due on an excessive pay roll covered by an employers' liability policy.

The hearing of the Brück ditch was continued during the day in the commissioners' court.

$1.30 PER BUSHEL FOR WHEAT.

Unheard Of Mark Attained Through Bullings Wednesday.

Through the bullings yesterday in the the Liverpool and Chicago markets the local wheat market today attained the practically unheard-of mark of $1.30 per bushel. In the latter market James L. Patten was the principal figure and through his actions a sufficient stimulus was given his pet market to effect a sympathetic rise in all the other grain lines. Oats, barley, rye and corn all went upwards a cent or two today and although it is believed the crest of the tide is past, local millers are averse to venturing any guesses whither the market will turn within the next few days.

It is believed, however, that the present mark will have the effect of practically cleaning up the local country supplies. It is known that there have not been very many bushels of wheat cereal on hand among the farmers but those who did hold it were waiting for the high price. The $1.30 mark will satisfy all the holders and within a few days there will probably be practically no wheat in the country centers.

AFFIDAVITS ARE FILED.

Lads Who Robbed the Temple Theater Office Are Arrested.

Leo Freimuth and Otto Hildebrand, charged with robbing the office at the Temple theater Saturday night of $45, have had affidavits filed against them in the city court. They confessed their guilt to Chief of Police Ankenbruck and Detective Lenz, who made the arrests yesterday afternoon.

Freimuth was once an usher at the theater and knew how to get into the office. Hildebrand was employed as a driver and both skipped out after the robbery and did not return until yesterday.

The Catholic schools of the city closed at noon today for the Easter vacation. The Lutheran schools will close this evening for the remainder of the week.

WATSON NOT AFTER JUDGE TAYLOR'S POSITION

Issues Statement Declaring He Wants No Federal Appointment.

Washington, April 8.—In order to quiet the fears of friends of Robert S. Taylor, of Fort Wayne, who have heard that James E. Watson is trying to get Mr. Taylor's place on the Mississippi river commission, Mr. Watson yesterday dictated the following statement:

"There is no truth in the report that comes from Fort Wayne that I am a candidate for the position on the Mississippi river commission now occupied by Judge Taylor. I am not a candidate for that office or for any other office under the administration. I intend to return to Indiana and practice law. I do not want any office and my friends would do me a favor if they would cease to torment me in connection with appointment under the administration of President Taft."

TAKES NURSE AS BRIDE.

Dr. Metts, of Ossian, and Miss Mabel Sanders Will Wed.

Bluffton, Ind., April 8.—Announcement was made today that the marriage of Dr. Fred Metts, the well-known young physician at Ossian, a son of Dr. J. I. Metts, and Miss Mabel Sanders, of Sarnia, Ontario, Canada, will take place next Wednesday, April 14th, at the home of the bride in Sarnia, a pretty little town located opposite Port Huron, Mich. The wedding will be a quiet home affair, witnessed by immediate relatives. Following the wedding Dr. Metts and his bride will spend about ten days in the north before returning to Ossian, where they will reside.

Dr. Metts underwent an operation at Fort Wayne two weeks ago for appendicitis, and it was feared at that time that the wedding might have to be postponed, but the doctor made a remarkably rapid recovery and it will be possible to have the wedding occur just as first planned. Dr. Metts was dismissed from the hospital only yesterday and he was in Bluffton this afternoon to visit with his sister, Mrs. D. A. Walmer, and with friends here.

The announcement of the marriage came as a pleasant surprise to the many friends of Dr. Metts in this city, and warm congratulations await him. The bride is a trained nurse and is one of Sarnia's highly esteemed young ladies.

Capt. William A. Kelsey, who has been confined to his home in Lawton place for several weeks by sickness, was able to be out today for the first time. He will probably spend next week on his farm, where he hopes to fully recuperate himself.

Blake Stone and W. P. Watkins, of Indianapolis, are in the city today on business.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

CAN EAT WHAT YOU WANT WHEN YOU WANT IT WITHOUT MISERY

Give Your Stomach a Good Eat Without Fear of Indigestion.

As there is often some one in your family who suffer an attack of Indigestion or some form of Stomach trouble, why don't you keep a case of Diapepsin in the house handy?

This harmless blessing will digest anything you can eat without the slightest discomfort, and regulate a sour Stomach five minutes after.

Tell your pharmacist to let you read the formula plainly printed on these 50-cent cases of Pape's Diapepsin, then you will readily see why they cure Indigestion, Sour Stomach, Heartburn and prevent at once such miseries as Belching of Gas, Eructations of sour undigested food, Nausea, Headaches, Dizziness, Constipation and other Stomach disorders.

Some folks have tried so long to find relief from Indigestion with the common every-day cures advertised that they have about made up their minds that they have something else wrong, or believe theirs is a case of Nervousness, Gastritis, Catarrh of the Stomach or Cancer.

This is a serious mistake. Your real trouble is, what you eat does not digest; instead, it ferments and sours, turns to acid, Gas and Stomach poison, which will putrefy in the entire digestive tract and intestines, and, besides, poison the breath with nauseous odors.

A hearty appetite, with thorough digestion, and without the slightest discomfort or misery of the Stomach, is waiting for you as soon as you decide to try Pape's Diapepsin.

One candy-like Triangule, taken after eating, will promptly digest all your food, the same as a strong, healthy stomach would do it.

RESOLUTION SHAPED UP.

Congressman Cline Will Receive Petition for Memorial Money.

The resolution to be sent to Congressman Cline at Washington asking him to father the movement for a $200,000 appropriation for a Wayne Memorial in this city has been shaped into its final form and will be presented at the meeting of the association this evening. Several new members have been added to the committee and the purpose of the association is assuming a more hopeful phase.

We often wonder how any person can be persuaded into taking anything but Foley's Honey and Tar for coughs, colds and lung trouble. Do not be fooled into accepting "own make" or other substitutes. The genuine contains no harmful drugs and is in a yellow package. Dreier & Bro.

BIG BALANCE ON HAND.

Waterworks Department Showed Over $35,000 in Cash.

The report of Secretary Julian Franke, of the city waterworks department, shows that at the close of March the cash balance on hand was $35,509.58, as against $32,142.28 in the preceding month and the sum is the largest the department has ever had.

Mr. Franke has just finished his annual report for 1908, which shows that during the year 1908 there were 503 service connections made, and the total number of connections now in use is 11,834. This number is divided as follows: Metered, 4,078; to curbing, 520; number paying annual rate, 7,756; dropped for non-payment, 485. During 1908 there were installed 498 meters and 34 fire plugs, bringing the total number of such hydrants up to 812. There was a large amount of new pipe line laid last year, there having been 32,140 feet of extensions made. At present the waterworks department has in the ground 102 1-3 miles of water service pipe.

The records at the three pumping stations show that during the year 665,471,638 gallons less of water were pumped than during the preceding year. This falling off is attributed to the fact that in 1907 repairs were being made to several of the pumping stations and the reservoir was being repaired, making it necessary to pump directly into the mains.

Castro's cry that his country needs him may be all true enough, but it is not yet settled where it needs him. Europe seems to be the choice.

Former Vice President Fairbanks also is going to Africa, but there is no reason to suspect that he is to be sent by any rival of the Outlook. The eminent Hoosier is a man of quiet ways.

'Tis a bleak and unfeeling time— a time "to mourn, to mourn wi' dule and sorrow." House democrats and insurgents have just savagely snatched the nursing bottle from an infant industry. Friendless little toddlekins so raped of fount is the Standard Oil company, which seems doomed to a struggle for existence against free trade in petroleum.

The ancient and philosophical proverb of the incorrigible rounder that "you can go home when you can't go anywhere else," doesn't apply to Senor Castro. He can't go home nor even near home. The man with the answer to that most puzzling of all situations for a statesman can hear something to his advantage by communicating promptly with C. C., somewhere in the West Indies.

With but four votes wanting to place lumber on the free list that measure of relief was denied the country in the house Tuesday. Enough democrats supported the tariff to have stripped the duty from lumber had they stood with their party and the free lumber republicans. It was a narrow escape for the lumber trust so far as the house is concerned, but doubtless the perilously close margin by which it was spared did not greatly frighten it. The prospect of concurrence by the senate in such a feature of the Payne bill is not bright. Yet the moral effect of such a victory in the house would be worth having, though neither morals nor precedents ever cut much of a figure in the determination of tariff schedules.

The Marion county board of commissioners have just refused licenses to several applicants who wanted to open saloons in Indianapolis. In the cases of three or four refusal was based on the view that no more saloons were needed in the localities where it was proposed to open them and upon the suspicion that breweries were backing the enterprises. Another man who had within a few months arrived in Indianapolis failed to satisfy the commissioners as to his fitness. An earlier pursuance of this policy in Marion as well as in some other counties would have done much to improve the saloon business and consequently to modify the anti-saloon sentiment that has become widespread and militant in Indiana.

Mr. John F. Remmy, an Allen county pioneer who was widely known and held in highest esteem, has just died. He was almost four score years old and practically his entire life was spent in this county. His character and his useful life deserve more than passing mention. A more sincere Christian or humane man would be hard to find. He was kindness and generosity embodied and great was the good that he did to those about him. His interest in Christian effort was the sort that finds both pleasure and compensation in labor. He was a pioneer in Sunday school work and gave much time and intelligently directed effort to that cause. No man in Allen county had done more in that direction than Mr. Remmy. Personally he was a modest, gentle, kindly man who was much beloved and who will be greatly missed.

The Chicago Interior calls attention to an interesting and ludicrous miscarriage of plans to prove that "prohibition does not prohibit." It gives these particulars: "Mayor Rose, of Milwaukee, is for the moment the foremost champion of liquordom in the country. The brewers seem to calculate that his prestige is worth more to them than that of any one else who is willing to stand for them in these disconsolate days. So they arranged with Mr. Rose to travel in Alabama and let them print letters over his name telling of the failure of prohibition in that state. The scheme was considered a great one, but the liquor press bureau slipped a cog. The Milwaukee Sentinel printed a Rose letter telling how easy it had been for the Milwaukee executive to get whisky to drink when he struck Birmingham. But by an unlucky mix-up in dates the letter was printed in Milwaukee two days before Rose got to Birmingham. Under the circumstances his dubious honor's observations don't appear to the public worth quite as much as the brewers had figured on."

There is more ginger in the real tariff revisionists of the house than there has been any reason heretofore to suspect. Tuesday the duty on lumber had a very narrow escape from disaster and Wednesday the forces gathered and practically wiped out the duty on oil. This righteous performance was accompanied by some sensational incidents, chief of which was the descent of the speaker from his big chair to the floor of the house to chastise an insurgent republican and at the same time to plead for retention of the committee rate of protection for the Standard Oil company. Despite this personal plea the insurgents persisted and the duty was cut out. It is but a temporary victory for the senate will restore the 25 per cent ad valorem duty. Senator Aldrich, who is strongly suspected to have already completed the task of framing the tariff bill that is finally to be passed, will not overlook the octopus. The Rhode Island member is thrice potent keeper of the seals of protection and is moreover father-in-law to quite a lot of Standard oil. A minute inspection of the octopus will not disclose the faintest tremor of alarm in the remotest end of its longest tentacle. Senator Aldrich not only can be trusted, but he is most puissant ruler of the fate of tariffs. Still, the house victory is cheering. It marks progress.

WORLD BEATER COW IS DEAD.

Champion Butter Producing Jersey Dies in Missouri.

Columbia, Mo., April 8.—Pedro's Estella, the champion butter Jersey cow of the world, is dead at the Missouri Agricultural college farm at Columbia.

In twelve months she produced 712 pounds of butter, fully one hundred pounds more than her nearest competitor. Estella was in good health, but stumbled into a ditch and was unable to get out. When aid reached her she was too far gone to recover.

The university statistician figured that the income from Estella for one year would have kept an average student in the University of Missouri for a like term.

REV. MASTER CHOICE OF HIGH SCHOOL SENIORS

Chosen from Four to Deliver Baccalaureate Sermon June 13.

The baccalaureate sermon to the 1909 graduating class of the Fort Wayne high school will be given by Rev. Henry B. Master, pastor of the First Presbyterian church. The seniors of the school met Wednesday afternoon and Rev. Master was chosen from a list of four prominent pastors of the city.

Following the usual custom the date of the baccalaureate service will be on the Sunday before the day of graduating, which this year falls on the 17th of June, making the 13th the date of the sermon. Rev. Master was chosen on the second ballot after those receiving the two lowest votes had been eliminated. There are but one or two members of the class attending Presbyterian churches, giving that much more honor to the First church pastor. Rev. Master delivered the baccalaureate sermon to the 1907 class.

OWES HER LIFE TO

Lydia E. Pinkham's Vegetable Compound

Vienna, W. Va.—"I feel that I owe the last ten years of my life to Lydia E. Pinkham's Vegetable Compound. Eleven years ago I was a walking shadow. I had been under the doctor's care but got no relief. My husband persuaded me to try Lydia E. Pinkham's Vegetable Compound and it worked like a charm. It relieved all my pains and misery. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound."—MRS. EMMA WHEATON, Vienna, W. Va.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

Are All in the Same Boat?

Fort Wayne became an early experimenter in municipal ownership.

Luckily for its taxpayers' pocketbooks, its early experiment was confined to a water system—the easiest, simplest and safest of all public utilities for municipal handling.

There is less politics to the cubic foot in city water than in any other article of like public demand.

Because we escaped the worst of municipal ownership disasters we must not forget than all over the United States municipal ownership today has a "black eye."

Listen to the leading commercial paper of the United States, the New York Commercial:

"Most of the 'successful' municipal lighting plants in the United States are so merely by helpful methods of bookkeeping. Impartial auditing generally tells a vastly different story."

And again:

"What is needed is not municipal ownership, but private enterprise, to conduct affairs municipal economically and profitably."

The Chicago Journal, of national repute, says:

"Politicians manage municipal affairs in such a way that their own interests are cared for first and public service is only a minor and subsidiary feature. Money collected from taxpayers is spent for the benefit of the 'gang' instead of for that of the people, and the consequence is that enterprises conducted by the city are invariably not merely ill-managed, but enormously expensive. There is no reason to hope that this state of affairs will be changed so long as human nature remains what it is, and therefore the people will not be likely in their sober senses to intrust any public utility that can safely be left in the hands of private enterprise to any city government."

The New York Evening Sun, one of the ablest of independent newspapers, says, with fine sarcasm:

"Can any sane human being demand of a city employe that service which the private employer would expect? Does it stand to reason that the city employe, with his manifold duties to the distinct club conducted by his district leader, his nights of toil preparing for primary and, heaven knows, what other elections, can have the energy to be more than a chair-warmer in the daytime when he is attending to his lesser duties in the city office? There seems to be a spirit of fault-finding among taxpayers and other non-office-holders who may be mere rent payers, an inclination to criticise them for the short hours they pass in city offices, to intimate more or less broadly that they don't earn their money. Do taxpayers think that men go into the city employ to work? Doesn't a city job imply what the vulgar call 'an easy graft?'"

The Kankakee Republican, one of the influential papers of Illinois, says:

"The entrance upon a new year finds public sentiment in a more subdued and thoughtful state on the matter of municipal ownership and operation of utilities. The country experienced a sort of wave on this subject, but the wave is receding. It is a truth that municipal operation of all utilities is expensive to the taxpayer.

"And it is true, whether it ought to be or not, that those who manage a municipal enterprise do not exercise the care in this regard shown in private enterprises. The tendency is directly to extravagance and waste and toward doing things on a lavish scale. Wages and salaries are more thought of than the cost of the investment and the need of making a business showing. Men do not plan or think or work for the public with the same idea of conserving the interests of the proprietor that they do in private enterprise.

"These fundamental difficulties confront every municipally owned enterprise in the country. And the feeling is now gaining ground that the city that undertakes any scheme for itself MUST MAKE A SHOWING alongside of any private concern that may offer to render the same service. There is no sentiment any longer in the case—it is a MATTER OF BUSINESS strictly. The public have no pride longer in the thought that they own and operate any utility IF THE TAX THEY PAY TO MAINTAIN IT IS MORE THAN WOULD BE THE EXPENSE OF PRIVATE OPERATION."

Y. W. C. A. TO AFFILIATE WITH WOMEN'S CLUB LEAGUE

Question Settled at Board Meeting—Convention of Club April 21.

A local movement towards the affiliation of the Fort Wayne branch of the Young Women's Christian association with the Woman's Club league in this city was decided in the affirmative at the monthly meeting of the official board of the association Wednesday morning. The plan has been under consideration for some time but had not been definitely decided upon by the association.

A convention of the Woman's Club league will be held in this city on Wednesday, April 21. Delegates and officers will be entertained at the Anthony hotel. Other visitors and friends attending the convention will be able to secure accommodations at the Young Women's Christian association. This was another point discussed at the official meeting and all arrangements will be made for the forthcoming convention.

The reports of all of the officials and committees of the Y. W. C. A. showed that the receipts for the month of March were greatly in excess of those for the preceding month. The membership committee reported eleven new members and twenty-four renewals. There was a marked increase in the number of meals served, the Noon Rest committee reporting 2,961 served in February and 3,116 in March.

According to the financial committee considerable progress has been made, the receipts for March amounting to $1,069 as compared with $796.46 in February. The following reports will be of interest in showing the increase of receipts in all departments during March as compared with February:

	February.	March.
New Membership	$ 15.00	$ 11.00
Renewed Membership	17.00	37.00
Noon Rest (3 meals d'ly)	358.74	472.51
Women's Exchange	230.56	378.62
Rent of Gymnasium	9.64	18.30
Room Rent	81.30	106.00
Wash.'s Birthday Party.	42.74	.....
Bal. Party Receipts		24.00
Social Afternoons	9.43	11.40
State Board	20.00	.....
Add'l. for State Board.	.....	2.00
Miscellaneous	.....	3.25
Totals	$796.46	$1,069.24

Plans for the formation of a shirt waist making class were discussed but no definite action in the matter was taken at the meeting.

Miss Cora Tinkham, the capable assistant secretary of the association has been chosen as a delegate for the second bi-ennial convention of the National Board of the Y. W. C. A., which convenes at St. Paul, April 22-26 inclusive.

FORT WAYNE OFFICERS CHOSEN.

Appointments at U. B. Missionary Society Meeting at Elkhart.

Elkhart, Ind., April 8.—The annual session of the Women's Missionary society of the United Brethren church is in session here with delegates present from all parts of Northern Indiana, following officers were elected:

President, Mrs. J. C. Gretz, of Deedsville; vice president, Mrs. S. Richter, of Peru; second vice president, Mrs. C. M. Gandy, of Fort Wayne; secretary, Mrs. G. F. Byrer, of Fort Wayne; treasurer, Mrs. L. O. Oyler, of Huntington; secretary of literature, Mrs. C. L. Raymond, of Huntington.

RECEIVES LARGER CHARGE.

Rev. Dr. Lenig's New Congregation at Huntington Numbers 900.

In his appointment to the pastorate of the Methodist Episcopal church at Huntington, Rev. Dr. Lenig, formerly pastor of Wayne Street M. E. church, becomes pastor of one of the ablest churches in the North Indiana conference. The congregation numbers over 900 while the Sunday school under Sept. F. A. King, has an enrollment of 1,500. Rev. Dr. and Mrs. Lenig will leave Saturday morning for Huntington, and at noon will be entertained at a dinner to be served in the church by the ladies of the congregation. Dr. Lenig will occupy the pulpit Easter Sunday later returning to this city to complete arrangements for the removal of the household effects to Huntington.

Dr. Lenig has been pastor of Wayne Street church for twenty-five months and succeeded Rev. M. E. Nethercut here. During his pastorate he has received 214 members, 94 on probation, baptized 63, attended 55 funerals and made about 3,900 visitations. Societies were well established upon his arrival but nevertheless they have grown and flourished under his charge and his work in every department of the church has been most efficient. In his wife he has had a most devoted assistant in the work. The congregation at present numbers 725. Approximately $6,900 has been the amount handled by the church treasurers during the past year. Wayne Street church has a large Sunday school and a very zealous band of workers.

Since his appointment in this city, Dr. Lenig has taken an especial interest in hospital work. He frequently visited all the hospitals in the city and found great pleasure in lending assistance wherever possible, never too busy to comfort the sick. Dr. Lenig was received into the ministry in the spring of 1881 at York, Penn., and was then transferred from the Central Pennsylvania conference to the St. Louis conference. After filling pastorates of about a year each at Greenfield and Bolivar, Mo., he was assigned to a pastorate at St. Louis. Later he was appointed presiding elder of the Sedalia, Mo., district residing Sedalia. He served with considerable success for six years and was then given a charge at Fort Scott, Kan. Some time later he became pastor at Lawrence, Kan., remaining for two years when appointed to Wayne Street church in this city.

Dr. Lenig and family have many friends in this city who wish them every success in their new field of labor.

WABASH GLEE CLUB CONCERT.

Program at Third Presbyterian Church Tonight—Other Affairs.

Under the auspices of the Ladies' Aid society, the Wabash College Glee club will give a concert this evening at the Third Presbyterian church. An excellent program of vocal and instrumental music, previously announced, will be rendered. The Glee club is touring the northern section of the state during the spring holidays and the members have been received with favor wherever they have appeared. If the sale of tickets for this evening's program may be taken as a criterion they will be greeted by a large and appreciative audience. This evening was the regular time for the meeting of the brotherhood but was postponed on account of the concert.

The annual congregational meeting of the Third Presbyterian church will be held on Friday evening at 7:30 o'clock in the Sunday school room, for the election of officers, reading of reports from the various organizations, possible amendment of the by-laws and the transaction of all business affairs that may come before the meeting. This will be a very important meeting and the pastor, Rev. Dr. Frank Fox urges a full attendance.

NEXT MEET IN FORT WAYNE.

Presbyterial Missionary Society's 34th Session April 1910.

The Women's Presbyterial society of the Fort Wayne Presbytery has accepted the invitation of the Women's Missionary society of the Third Presbyterian church to hold their thirty-fourth annual session in this city, April 1910. The date will probably be about the same as this year, the thirty-third session having been held in Bluffton, April 6 and 7.

The Woman's Mission circle of the First Baptist church will meet in the lecture room tomorrow afternoon. The annual reports will be given.

At 9:30 a. m. next Sunday, the Sunday school of the First Baptist church will have an Easter program with special music and other features that will be interesting and instructive. The pastor announces that those who are not regular attendants of the school are especially invited.

This evening at the Passion Week services at Plymouth Congregational church, Rev. Dr. H. T. Sell will officiate at the communion service and will deliver a sermon on "The Day of Fellowship." The new Alexander hymn books are being used at the services this week.

Arrangements are being made for a banquet of the teachers and officers of the Sunday school of the First Baptist church. The date for same has not as yet been decided.

An important business meeting of the General Aid society of the First Methodist Episcopal church will be held in the church parlors on Friday evening at 7:30 o'clock.

The spring conference of the Fort Wayne Presbytery will be held in Warsaw on Monday evening, April 19. The pastors and a delegate from each of the Presbyterian churches in the city will attend.

There was an excellent atendance at the Wednesday evening prayer meeting at Trinity Methodist Episcopal church. Rev. William P. Herron preached on "That Other Disciple." A vocal duet was rendered by Miss Lois McBride and Boyd McBride.

William Watson, of Binghamton, N. Y., formerly assistant superintendent of the City Mission there will arrive in the city today for a visit with Supt. George I. Cooper, of the Rescue Home, and will address the meeting this evening.

Maundy Thursday services will be held this evening at 7:45 o'clock at the English Lutheran Church of the Redeemer. A sermon will be delivered by Rev. Theodore Hahn, whose topic will be "Lord, Is It I?" Services will be held at the same hour tomorrow evening.

At Plymouth Congregational church tonight the pastor, Rev. H. T. Sell, will speak on "The Lord's Supper." The discourse will be followed by communion in the auditorium. The subject of Dr. Sell's talk tomorrow night will be "The Seven Words of Christ From the Cross."

Worth Knowing

We have four thousand new Spring Suits for you to select your Easter Suit from. We would guess this is more new Spring Suits than are shown by any other three stores in the city.

We give you about one hundred different patterns in Hart Schaffner & Marx fine hand-tailored suits at $15. We guarantee these suits to be $5 less than you can buy them in any other store in the state. We do not know of any other merchant in the state that sells a Hart Schaffner & Marx suit of any kind for less than $20. We give you just such values up to $40, the finest suits made.

WE WANT YOUR BUSINESS

And you want our clothes. Don't let somebody tell you that one concern can't give you more than another.

Listen to This

If Hart Schaffner & Marx did not give the merchant more for his money than any other maker of fine clothes, how do you account for their selling more fine clothes than any other three manufacturers in the world?

If Patterson-Fletcher Co. did not give the good dressers of Fort Wayne and northern Indiana more for their money than any other merchant in this part of the country, how do you account for Patterson-Fletcher Co. selling more fine clothes than any other three stores in this part of the state? Think this over and come and see for yourself the values we give.

What do you say to looking at our clothes before you buy the clothes you wear next Sunday?

Suits .....$10 to $40
Spring Overcoats.....$10 to $35
Raincoats .....$10 to $30

LANDIS FOR PORTO RICO.

Report That Former Representative Can Have $8,000 Job.

Washington, April 8.—It was reported today that President Taft will nominate former Representative Charles B. Landis, of Indiana, for governor of Porto Rico.

Porto Rican politics is in a great snarl just at present and Landis is said to be qualified to unravel the tangles.

The Porto Rican governorship was offered recently t o James E. Watson and declined by him. Since them Mr. Landis' friends have been active in his behalf.

The governor of Porto Rico is paid a salary of $8,000 a year and is furnished a palatial residence.

The president yesterday tendered to former Senator Fulton, of Oregon, the post of minister to China, which was declined recently by ex-Senator Hennenway. Fulton has been allowed ten days in which to make up his mind. He will succeed W. W. Rockhill.

TYPHOID FOLLOWS NEGRO.

Remarkable Statement by Doctor at New Orleans.

New Orleans, La., April 8.—Dr. C. W. Stith, of the United States public health and marine hospital service, in discussing at the Tulane Medical college last night "The Medical Side of the Negro Problem," declared:

"Figures show conclusively that typhoid follows the negro. In fifteen negro states fourteen have a typhoid death rate which is above the average for the country. As distributors of the disease due to evil pollution, the negro is to the white about in the proportion of 795 to 438."

PRISON FOR BAD BANKER.

Took Kentucky Jury Half Hour to Soak Owensboro Financier.

Hawesville, Ky., April 8.—James H. Parrish, who was president of the defunct Owensboro, Ky., Savings Bank and Trust company, was given five years in prison after the jury had deliberated thirty minutes today. He was charged with having received deposits when he knew the bank was insolvent. Two of his brothers are under indictment for the same bank wrecking.

William Raypole, of Cleveland, a brother of the late Ed Raypole, is in the city.

Arthur H. Barton, who has been acting as assistant in the internal revenue office under his father, M. J. Barton, went to Gary this morning to accept a clerical position.

Heart Troubles

The heart may be weak just the same as the eyes, stomach or other organs. It often happens that a person is born with a weak heart. Then again disease, fevers, over-exertion, anxiety, nervousness, rheumatism, etc. weaken the heart. The result is shortness of breath, palpitation, pain in the heart, or in some of the nerves of the chest or abdomen. The heart should be strengthened with a tonic, and for this nothing equals Dr. Miles' Heart Cure.

"I had LaGrippe last fall as I thought into a mild form. I was weak, tired feeling, and short of breath; could hardly go about, and a good deal of the time sort of an asthmatic breathing and extremely nervous. I began taking Dr. Miles' Heart Cure and Nervine and now I feel so much better in every way. I am so thankful that I began taking this medicine, and shall not hesitate to tell others how much good it has done me."

Are doctors good for anything?

Foolish question! Yet some people act as if a medicine could take the place of a doctor! The best medicine in the world cannot do this. Have a family doctor, consult him frequently. If we did not believe doctors endorsed Ayer's Cherry Pectoral for coughs and colds, we would not offer it to you.

SOCIETY

Miss Mary Menefee, of Thomas street, celebrated her birthday anniversary yesterday and in the evening entertained a company of young people at a pretty party. The diningroom was especially attractive for the table was done in pink and white, from ribbons which extended from the chandelier to each plate and the carnations which occupied the center of the table to tiny toy rabbits, which together with boxes of candy formed favors for the guests. A white frosted cake with eighteen pink candles ablaze on it spoke for itself in announcing the reason for the company. There were present Miss Verne Bowser, Miss Flossie Craig, Miss Irma Henderson, Miss Emil Verweire, Miss Zoe Long, Miss Helen Curdes, Miss Eva Smith, Miss Marie Calkins and Messrs. Leonard McCurdy, Fred Hulburd, Herbert Zur-Muehlen, Abbott Carter, Wier Garwood, Harold Gumpper, Edward O'Rourke, jr., Russell Polhamus and Frank Barton.

Wabash Glee Club to Sing.

One of the coming musical events will be a concert at the Third Presbyterian church this evening by the Wabash College Glee club.

"The Merry Widow"

Lehar's Opera and Its Wonderful Music Given First Presentation—Will be Repeated Tonight.

Yes, she is here. The Merry Widow with her sweet and alluring melodies and seductive and entrancing rhythm is in the city. She came with a reputation for beauty and charm and she will leave behind her a memory of bewitching loveliness for eye and ear. Her songs haunt the ear. They mingle with one's dreams, they keep the feet moving unconsciously to her intoxicating rhythms. Close your eyes or shut your ears as you will, if you have once seen and heard the operetta, you will be long in forgetting it. Even should you cavil at her scene at Maxims it will be with a smile for there the merry widow was the one on whom your affection centered and her happiness you so desired that the attractive Zozo and Fifi with their companions were merely a part of a wonderful picture of a Parisian cafe.

The libretto is evidently a satire on Parisian married life.

The first appearance in Fort Wayne of the famous Viennese operetta was witnessed by a large audience at the Majestic last night. The production is under the management of Henry W. Savage and is of a degree of magnificence and beauty that calls forth the highest praise. The company is large and the principal roles are so well taken that the performance is one of unalloyed pleasure. The entire performance moves with a rapidity and precision of perfectly adjusted machinery and the stage settings are of a magnificence that not only meets expectations but surpasses them. The costuming is rich in color, gorgeous in materials and handsome and picturesque in design. The curtain rises on a beautiful scene after a short prelude by the orchestra. The picture is of the Marsovian embassy in Paris. After the opening chorus played by the orchestra proper, the principal characters begin to come upon the scene. Natalie, the ambassador's wife, and Camille, her lover, sing. In the distance is heard the music of the ball in progress in the play. Then begins the haunting strains of the melodies that are to come again and again during the operetta and which linger in the ears of the audience for weeks to come. It is bewitching.

Shortly the merry widow herself appears on the scene. She was Mabel Wilber, a delight to the eye with her grace and charm and wholly captivating in her impersonation of the role. Miss Wilber left nothing to be desired except that she might be seen and heard again. Sweetness is not only a quality of Miss Wilber's singing, but it is true of her manner, her expression and of her voice when she speaks. There is a refinement in her acting that is equally attractive with her grace and beauty and which is as much a characteristic of the Marsovian waltz which she dances with Danilo as the abandon and spirit with which she moves.

There was equal pleasure in watching George Dameral, who has the role of Prince Danilo. Laying aside the music, Mr. Dameral would win plaudits because of his acting. No greater part of the performance can be found than the cavalier song between Sonia and Danilo. The opening of the second act, which is laid in the garden of Sonia's home in Marsinovia, is by the chorus. It is a wild Hungarian czarda and it is said that Lehar in this particular song in his operetta has given a vivid illustration of Magyar music. There is a whirling passionate dance, shouts and cries, all of which are said to picture the almost fanatical way the people of southeastern Europe arouse themselves to intense excitement. The wonderful and stirring cavalier song later in the act between Sonia and Danilo is another realistic and unfamiliar Hungarian movement. It is one of the most brilliantly beautiful gems in the opera. The septet, also in the second act, is a number of great beauty.

It is undeniable that the success of "The Merry Widow" lies in the beauty of the music. Without that the libretto would sink to mere commonplaceness. But the music! Only those who have heard it can understand its beauty and purity. There is warmth, color and exquisite beauty that in itself is an education to the ear. The second act particularly is beautiful, even seductive in charm.

The company is a most satisfactory one throughout. Thomas Leary as Nish furnished a line of comedy that took exceedingly well with the audience. Oscar Figman as Popoff, the ambassador, plays with an authority that convinces. Francesca Kaspar as Natalie pleased with her singing and her acting and Paul Bleyden, as Camille, displayed a fine tenor which he uses well. His song, "Love in My Heart," was encored several times.

The audience was greatly pleased. Indeed, people could not get enough and were loth to go. Enthusiasm reached a point where no more encores are given because there isn't time and the company must stop, not because the audience was willing to let them. Those who had heard the operetta previously to last night's performance were equally delighted with those who heard it for the first time.

The audience at tonight's performance promises to be larger than last night's even, as many people want to hear the operetta again. Rosemary Glosz has been unable to sing for more than a week. Her throat is in bad shape.

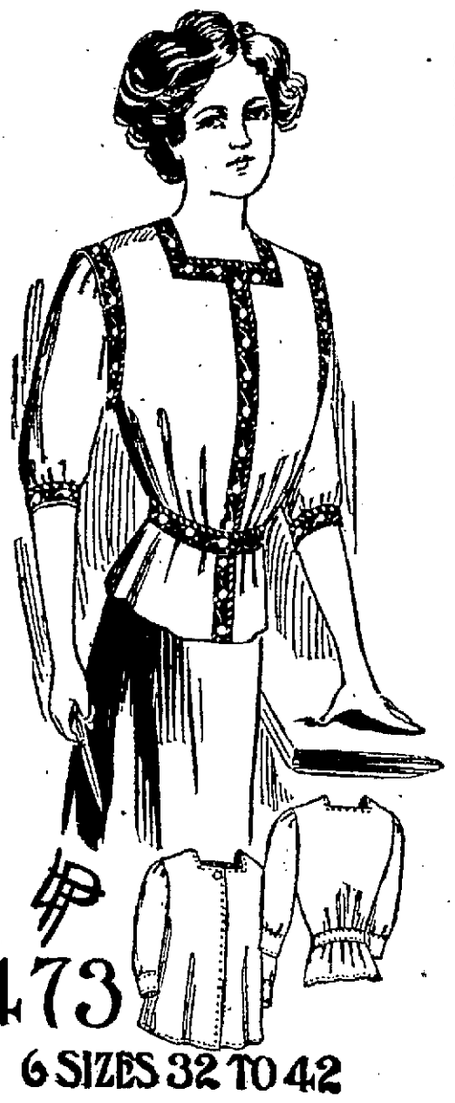
BOOKPLATES AS GIFTS.

"A bookplate," says Rosanna Schuyler, "is one of the most charming gifts that can be presented, because there is no girl who does not own at least a few volumes, and her own plate means such distinction, and prevents any possible chance of another claiming the book through error. These plates have the initials or name of the owner—either that is desired—and a small picture that in some way is characteristic of the individual. The plate itself is copper, and the illustrations are struck from it. They are made to order, and are inexpensive, or otherwise, according to the amount of work in them."

Plain Dressing Sacque for Spring.

(By Mrs. Jane Ford.)



EVENING SENTINEL PATTERN COUPON.

NO. 473—APRIL 8.

Name .....

Street and Number .....

City .....

State .....

Size Desired .....
[Size Must Be Put on Coupon.]

To obtain the pattern above, fill out the coupon and enclose ten cents in stamps or coin. Address Pattern Department, Fort Wayne Sentinel.

For a general utility garment the design offered is exceptionally good. The pattern for it is cut in six sizes, from thirty-two to forty-two inches bust measure. To copy it for the average woman requires two and seven-eighths yards of material twenty-seven inches wide, or two yards forty-four inches in width. For bands one and one-quarter yards of contrasting goods twenty inches wide will be needed.

The sacque is simple to construct and can be satisfactorily made at home by an inexperienced sewer. After it is cut according to the pattern, if the material used is light weight, such as lawn or silk, the seams must be finished with a French fell, but if the goods is of flannel, etc., the seams should be made in the ordinary way and pressed open with a moderately hot iron.

In order to still further simplify the making of the negligee the cuffs may be attached to the sleeves before the seams are finished and the seam of the sleeve and cuff sewed at the same time.

The cuffs are then turned up and the edges hemmed to lower parts of the sleeves.

The sleeves should be joined to the waist with ordinary seams and bound with narrow bias strips of lawn.

It is a matter of preference whether the band trimmings are used or omitted. They do, however, add much to the appearance of the garment, and it requires little extra time to arrange them.

An exceptionally pretty house jacket, made like this model, was of blue China silk, ornamented with bands of black satin, on which was embroidered a conventional design in a color that matched the waist goods. A pretty combination would be the fashionable Delft blue and white, or old red and black.

When lawn, batiste or organdy is employed for the negligee, ribbons of a plain color make a pretty substitute for the silk bands.

NORMAL CONDITIONS OF WIRE SYSTEMS RESTORED

Managers of Various Companies Consider Themselves Fortunate.

Practically all the local wire damage resulting from the storm of Tuesday evening and Wednesday has been repaired at this time and in view of the wrathfulness of the winds, the managers of the various telephone and telegraph companies consider themselves very fortunate.

The Home Telephone company had only three hundred phones placed out of business and practically all of these were put into service today. The Bell company has repaired its lines to Huntington, which were carried down when the roof of a building alighted upon the tops of two poles and broke them off. The Western Union Telegraph company is again in connection with Toledo and Manager O. L. Perry states that everything is all O. K. The Postal company suffered no damage to any of its wires outside of the signal service in the city and normal conditions have practically been restored.

Lost His Home.

The residence on the farm property in Lafayette township, near Roanoke, belonging to Michael Wickliffe, was completely demolished by the storm of yesterday. Mr. Wickliffe's son and family have been living on the property. The wind blew the structure over upon its side, so badly damaging the roof and sides that it is useless.

A number of neighbors of Milton Dennis, the Aboite township farmer, who lost his $2,000 barn and five head of cattle, besides sustaining numerous other damage, gathered at his place this morning and erected a temporary structure for him. The Milton damage is particularly unfortunate, as he was just recovering from debt incurred in buying the property and establishing himself.

A Sweet Singer

IT is the marvelous quality of tone that makes the Packard the ideal instrument for the home.

It is limpid, sympathetic, responsive—the sweet singer of pianos. You can't get a harsh note from it, and it wears for years and years—becomes even better—sweeter with time and use.

We are showing a bigger selection than ever before. Come in. See the many beautiful styles. Hear and judge the Packard for yourself.

Indiana Lighting Co.

Fort Wayne, Ind., April 8th, 9th and 10th.

To the Housewives of Fort Wayne:

The Gas company requests your attendance at the Company's new office, No. 1027 South Calhoun street, on the 8th, 9th and 10th of April, that the Company may have the pleasure of showing and demonstrating to you the latest and most up to date gas appliances for use in the kitchen as well as other parts of the home.

The Gas Range makes kitchen work lighter, easier and pleasanter. It makes sunny tempered cooks.

The low prices, and easy terms as regards payment, places the up to date Gas Range within reach of every one. Gas is an economical fuel to cook with.

Miss Malley J. Johns, teacher of Domestic Science will be in attendance and demonstrate the many advantages and economy of cooking with gas. Light refreshments, such as biscuits cookies, etc., will be prepared and served.

TIGERS COMING FOR GAME WITH THE LOCALS

American League Champions Carded for a Game Tomorrow.

The Detroit baseball club, the famous Tigers, twice champions of the American league and twice contenders for world's championship honors, have been carded for a game against the locals and as the contract with Owner Claude H. Varnell calls for the first division team all of the stars of Hughey Jennings' organization will be here tomorrow afternoon. As a matter of fact the Tigers have no first and second team and the whole outfit travels in one party.

Of the club George Mullin is probably better known than any of the aggregation. He lives in Wabash and started playing baseball here under Isadore Mautner. He got some advance money from Mautner and jumped to the Detroit club. For this he was compelled to dodge through the state for a year or more and was finally landed and to avoid prosecution the Detroit club paid $1,000 for Mullin's release.

Then there is Eddie "Kickapoo" Summers, who was one of the pitching sensations of the season of 1908. He joined Jack Hendricks here when he first took hold of what was then the Springfield and is now the Fort Wayne team, and after pitching one game he was sent to his home at Ladoga, Ind., where he was ill for the remainder of the season. He went to Indianapolis and then to Detroit.

Another player well known here is "Ownie" Bush. After the Central league franchise had been surrendered by Isadore Mautner at Dayton and the Interstate was organized, Marion, Ind., was admitted and Bush was picked up by Clarence Jessup to play short. When the league went to the bad he was signed by South Bend and from there went to Indianapolis. After finishing there last fall he went to Detroit and was instrumental in winning the championship of the American.

The list of players includes Tyrus Cobb, premier batsman of the American league; "Wild Bill" Donovan, the great pitcher, Herman Schaefer, Claude Rossman, Jones, Crawford and all of the men who have served to make Detroit a dangerous quantity of the league.

As many of these great stars as are necessary to fill out the team will be used in the game as the management is making it a rule to give the public an opportunity to see the champions play. The game will be called at 3 o'clock in common with the other exhibitions. Manager Jack Hendricks may be able to present a couple of new players in the the game. If Channell and Butcher are bought from the Cubs during their stay here they will be put in against the Tigers.

He has not decided who will work in the game, but some of his old pitchers will be sent to the mound for a workout and it is likely whoever goes in will get it as those Tigers are certainly the slugging boys.

BERT NOBLETT GETS INTO LINE AT PIQUA

Second Baseman Joins the Players—Kihm May be Secured.

There was but addition to the squad today, says Tom Jones, writing from Piqua, O., to the Grand Rapids Herald. This was in the person of Bert Noblett, who blew in about noon. He said that he got lost so far back in the Tennessee woods, and so high in the mountains that he couldn't get down to the train he wanted to take for Piqua. He was feeling fine as a fiddle, and had lots of fun in the gym. Bill Bailey didn't show up, but he was heard from by Raidy. The backstop said that the fact that he had not sent back his contract couldn't be taken to indicate that he didn't mean to return.

He asked for leave until April 18, at which time he will be in with his signed contract.

First Baseman Fisher also signed up. He was perfectly satisfied with the terms. However, it looks as though he is going to have a fight on his hands to make the sack job. From the dope gathered in Columbus it is pretty safe betting that George Kihm, the deaf and dumb first sacker who has been with the Senators for the past five years, will not be retained this season. A young player by the name of Miller has been uncovered and in making good with a vengeance, both in hitting and fielding. There is an understanding between Raidy and the Columbus management that if Kihm is let go, Grand Rapids is to have first chance at him, if waivers can be secured.

Deals for catchers and outfielders still hang fire, but there will be something sprung within a week that will boost chances a lot. Raidy is getting only men whom he knows. He says that he cannot afford to take chances on some youngsters with the season so close at hand. It is sure that Pitcher Webb, of Toledo, won't wear a Grand Rapids uniform this season. Bill Armour refuses to let him go without a string attachment.

Curt Hagerman, the pitcher who had ideas of his own on the subject of contract signing, took his case to Secretary Farrell of the National association, asking that he be declared a free agent. Farrell's decision was received. The player lost his case and was ordered to his club at once.

Casey has based his claims on the fact that he played throughout last season without contract. He stated his case to Farrell and it was sent on to Brotherton for verification or denial of the facts. It was evident that Casey had the letter written by someone who was wise to the game, for the letter looked more like a legal brief than anything else.

The husky twirler had no chance of making the swing away as he hoped. The fact that he stayed with the team last season evidenced that he received his salary, and this is as binding as though his contract was written in black and white. That he was not tied up was due to the negligence of Phil Arnold and Bobby Lowe. Agreeing to Lowe's terms, Hagerman came on last spring. The signing of the contract was delayed and the matter drifted along until when the trouble arose he was asked to sign a contract, but refused, believing that he could better himself by being free.

He was wired to come on to Piqua at the club's expense and discuss matters with Joe Raidy. The matter of salary isn't worrying him much and he should hustle along now.

SCHRIVER TURNS DOWN JOB.

Catcher Refuses to Report to New Orleans.

Hot Springs, Ark., April 8.—"Pop" Schriver received instructions by wire from Manager Bill Phillips to report to Manager Frank, of the New Orleans Southern league club. Instead of so doing, "Pop" wired his terms to Frank, requesting an immediate reply. If they are not accepted he will go to Wheeling, as he declares he will not play ball in New Orleans for the money offered to him. In either event he will leave the Pirates at Indianapolis next Monday. Schriver was not under contract with Pittsburg, but came south with the understanding that if his arm was good he would be kept on the salary roll. He has experienced the same trouble as last spring, however. As between the two cities "Pop" prefers Wheeling, but if he does not get his price he will not play at all.

"DOGGIE" MILLER IS DEAD.

Former Fort Wayne Manager Dies in Brooklyn.

George F. Miller, known to every Central league fan as "Doggie," is dead in Brooklyn. His latest appearance here was as manager for the Dayton club the first year of the organization of the Central and the fact that he did not make a good showing caused his release at the end of the season. When Fort Wayne was a member of the Interstate league several years ago he was field captain and manager of the club and became well known and very popular. During his prime he was a good ball player and was with Pittsburg and St. Louis in the big leagues.

KURKE REPORTS TO TEAM.

Manager Grant's Hold Out List is Cut to One.

South Bend, Ind., April 8.—Catcher Kurke reported to the local club last night and the only holdout is "Runt" Welsh who is not badly wanted anyhow, as Danny Sheehan is in camp and will play third base. Midge Craven is also on hand and the team will be ready for the opening of the Central league season with as fast an aggregation as made the strong fight for the top at the close of 1907.

YOUNG WHITE SOX AFTER GAME.

The Young White Sox want a game with any club in the city whose players are under fifteen years. The game can be played at the Western Gas diamond and all communications should be addressed to Elmer Miller, 1417 East Creighton Ave.

BROKE A SKATING RECORD.

Kansas City, Mo., April 8.—Clarence Hamilton, of Chicago, last night broke the two-mile roller skating record, making the distance in 5:37 4-5. The previous record was 5:40 made by Leo Jones in New Orleans last year.

PLAYERS GET EARLY WORKOUT AT THE GROUNDS

Hendricks Laboring Hard to Get Men Into Condition.

Althought the weather was chilly Manager Jack Hendricks had his squad out early this morning for a little batting and fielding practice and put them through fast work to make up for the lay off of Monday and yesterday morning. The practice wound up with the usual rub downs by Sam Murbarger and although the men have been handicapped the manager is after them all the time and has brought about good results from the work they have had.

Will Robertson has not taken any chances with his arm, but he says that the broken shoulder blade that kept him out of the game all of last season is not giving him any trouble. "Bonesetter" Reese had hold of him last year and told him and had fractured a bone. This was put in kelter and allowed to rest a year and it is hoped this will bring it around in good shape.

Roy "Pepper" Clark is in better shape right now than he was at any time last season and Manager Hendricks looks for him to do some excellent backstopping when the league schedule is put into active operation. He is stronger than he was when he reported last spring and is working out in a way to indicate that the man who beats him out of the job of premier catcher of the club will have to go some.

Word was received here this morning that Manager Roger Bresnahan, of the St. Louis Nationals, had decided to cut Champ Osteen loose and if he does Fort Wayne will have first chance at his services. Neither Claude Varnell nor Jack Hendricks heard anything from the Cardinal manager and would not commit themselves on the proposition. Johnny Lindsay is showing up in such excellent form that he has made a home for himself and all thought of Osteen had been abandoned.

"Chick" Fraser and Andy Coakley, who are waiting here for the Cubs, worked out with the local team yesterday afternoon and Coakley went through another course this morning. He has just signed and is working to get in condition before the season begins. He did not make the southern trip with the club.

Fraser and Patrolman Bob Dickson engaged in a fanning bee today in the course of which a comparison of notes proved that both came from the same vicinity in Scotland. The Cub twirler and erstwhile prominent citizen of Park Ridge, Ill., was born in Forfarshire, while the copper saw the first daylight of his career in Dumsfrieshire, and after this mutual exchange of confidences the conversation drifted into an animated discussion of bonnie braes, blooming heather and a few other foreign products.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys, and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints, causing rheumatism. Dreier & Bro.

MAHMOUT A DISCIPLE OF FITZ.

Uses Raw Beef as a Part of His Training Diet—Gotch Down to 200.

Chicago, Ill., April 8.—Mahmout, the Turkish wrestler, is following in the footsteps of Fitzsimmons in the matter of eating a piece of raw beef daily as a part of his training fare. He has some of the beef finely minced and seasons it plentifully with sauces consuming it in the form of Tartar steaks. For the first time since he has been here, Yussiff dropped below 200 pounds, scaling 197 when weighed yesterday. Gotch's weight was announced as 200 pounds.

During the spring every one would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood by stimulating the kidneys, and causing them to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. Dreier & Bro.

FRANCHISE LAPSED.

Gould Drops a Project That Cost Him $10,000,000.

Another link in the transcontinental railroad chain mapped out some years ago by George J. Gould has been abandoned, according to information given out today. The link cost $10,000,000 at a time when money was most plentiful. The Uniontown and Wheeling Short Line railroad, which had been surveyed and rights of way secured from Uniontown, Penn., to the Ohio river at Wheeling, was sold three years ago by J. V. Thompson and his associates to the Goulds for $10,000,000, it being understood that the road would be put through at once. There was a time limit beyond which the rights of way could not extend unless there was some work done on the new line. The business depression appears to have stopped this project of the Goulds, and many of the options have been permitted to die. Within the past few days there has been projected a new road to take the place of the proposed Uniontown and Wheeling Short Line, which is dead. Under the laws of West Virginia there has been incorporated a company known as the Wheeling and Uniontown railroad and which is following a line precisely parallel to the old Uniontown and Wheeling line proposed. While only Wheeling people appear as charter members of this road, it is understood that the millions of J. V. Thompson are behind the move and that the road will be built at once in order to give the great coal holdings of Southwestern Pennsylvania a quick outlet to the west and southwest by both rail and river. Thompson was in Pittsburg yesterday conferring with several of those known to be interested in the road.

NEW FAST TRAIN.

G. R. & I. to Run One, Louisville to Mackinac.

When the summer time table is put into effect on the Grand Rapids and Indiana road it is quite likely it will include a new through train for the special benefit of the residents of Louisville and Indianapolis and the country thereabouts who may wish to go to Petoskey and Mackinac. Many of the residents of the cities named have cottages up there and spend a portion of each summer in them. The proposition is to start the train at Louisville and take on no passengers north of Indianapolis. From Richmond north it will probably run as a section of the Northland limited. No positive statement concerning this extra train could be obtained here, but it is said that the company has the matter under consideration with good prospects of putting it into effect. It will make extra train crews necessary and be a great benefit to the employes of the road in that way.

SHOPS TO CLOSE.

Pennsylvania Employes Will Observe Good Friday.

The employes in the Pennsylvania shops will be given an opportunity to observe Good Friday in a manner to suit themselves. The shops will be closed completely tomorrow. The usual half day off Saturday will also take place, making the weekly schedule four days and a half. The Wabash shopmen will work tomorrow, however, as will also those in all of the other big shops of the city except a portion of the Bass works.

MUST BUY TICKETS

Or Lose the Ten Cents Excess Paid Conductors.

The Pennsylvania announces that it will not refund the ten cents excess collected from passengers who get aboard trains without tickets. Instructions have also been issued to the conductors to collect a ten cent penalty on half-fare passengers who have failed to provide themselves with tickets. Bulletins to this effect were issued today.

SAFER THAN STEAM.

Using the figures taken from the report of the Ohio railroad commission to prove their claim, the Electric Traction Weekly states that travel by electric lines is safer than by steam roads. There are approximately 2,500 miles of electric lines in Ohio, exclusive of city lines, and during 1908 they carried 97,076,387 passengers. There were nineteen deaths by accident or one for every 5,109,283 carried. The steam roads have about 17,000 miles of road in the state and carried 37,622,766 passengers, the number killed being 23 or one for every 1,635,772 passengers. The electric lines injured 718 or one out of every 135,203 passengers while the steam lines injured 444 or one out of 84,736.

WILL BE TRIED APRIL 26.

Capt. Henry Stoll, of the Pennsylvania police force, has been advised of the date of trial of George Dutton, which takes place at Crown Point on Monday, April 26. Dutton is one of four negroes who were arrested at Gary about six weeks ago by Lieut. W. G. Bales and Patrolmen Clark and Campbell for robbing cars. Three plead guilty and have commenced prison terms, but Dutton plead not guilty and demanded trial, but it is believed he will change the plea before the date of trial. The arrest of these men put at an end a whole lot of trouble for the railway and civil authorities in and about Gary.

ENCAMPMENT RATES.

The Indiana state G. A. R. encampment and Women's Relief corps meeting will be held in Crawfordsville in May and special rates on steam and electric lines will be made on the 19th and 21st inclusive. The steam lines have issued bulletins to this effect already, fixing the round trip fare from Fort Wayne at $3.85. The regular trip rate is $5.40. There will be several hundred people from this territory to attend the meetings.

RE-ELECTED OLD OFFICERS.

At the annual meeting of the stockholders of the Grand Rapids and Indiana company at Grand Rapids yesterday the old directors and officers were re-elected. The annual reports showed net earnings from operation in 1908 of $873,866, a decrease of $20,309 from the year previous. More passengers were carried to the number of 155,339, but the passenger department receipts fell off $91,000 behind those of 1907.

MAY BE A BALL PLAYER.

George Beach has been summoned to Hannibal, Mo., for a "try out" at ball and if found possessing the requisite qualities, he will be given a job in the ball team of that city. Mr. Beach was formerly a member of the Shamrock club. He is a machinist at the Wabash shops.

DISCUSSING CAR LIGHTING.

T. R. Cook, assistant engineer of motive power of the Pennsylvania, is attending a meeting of Pennsylvania railway officials at Philadelphia today, discussing electric lighting of cars.

NEW WORK TRAIN.

The Pennsylvania has put another work train in service, with headquarters at Warsaw. Engineer C. C. Miller and Fireman T. A. Ryland will have charge of the engine.

INDUSTRIAL NOTES.

Yard Conductors Thomas Moore and W. E. Rowe are absent from their work in the Wabash yards today on account of sickness.

Henry App went to Detroit this morning, to attend to some business.

L. H. Michael, a machinist at the Pennsylvania shops, is sick and off duty.

George Betz, of the Electric works, attended the funeral of a relative at New Haven yesterday.

Master Mechanic H. C. Ettinger, of the Springfield division of the Wabash, was in the city today.

J. M. Daley, of the Pennsylvania, has gone to Sandusky, Ohio, to repair an electrical power plant.

Ticket Receiver J. C. M. Baker has returned to his duties with the Pennsylvania after a two weeks' vacation.

C. S. Cherry, of the testing car at the Pennsylvania power plant, has gone to Indianapolis for a visit with friends.

The motors at the new pumping station were tested yesterday, Frank Brownsburger and S. B. Hirst having charge of the work.

Frank Maguire, of the Wabash blacksmith shop, will go to Toledo tomorrow evening to spend a couple of days with friends.

B. F. Sarver and James Leach are in Columbus Ohio, today on business connected with the boiler department of the Pennsylvania.

Engineer George W. Miracle and Fireman A. A. Harting, of the Grand Rapids and Indiana road, are off duty on account of sickness.

Walter A. Barrett returned from Mentone last night with an order for the Bass company for a tubular boiler for a firm in that city.

Mrs. W. G. Page has returned from Conneaut, Ohio, where she was visiting Mr. Page's sister two or three weeks. The latter is very sick.

J. D. Smith, a hostler helper at the Pennsylvania coal docks, is off duty nursing a sore eye, the result of getting a hot cinder in it.

Mrs. George T. Sunley, wife of the Pennsylvania yard conductor, has gone to Grand Rapids to visit Mrs. Hammond a few days.

Christopher Wyhourn, an old employe of the Pennsylvania, working in the east car shops, is lying critically ill at his home on Virginia avenue.

Boilermaker J. S. Sullivan, of the Pennsylvania, went to Warsaw last night to repair locomotive 7185, which handles a work train on the road.

Supt. J. B. McKim and some of the division officers of the Pennsylvania, are out on an inspection trip today. They left for Crestline on a special train.

Thomas Goudy and Paul Junk, boilermakers, have returned to the city after spending several days in repairing the boilers in a power plant at Decatur.

William Braun and Charles Brenner, who were engaged in repairing some electrical machinery at Lockland, Ohio, several days, returned home this morning.

C. O. Sweeney, a student at the Rensselaer college, arrived in the city last night to spend the Easter holiday with his father, P. F. Sweeney, electrician at the Pennsylvania shops.

Engineer and Mrs. W. L. Scott are still at Pasadena, Cal., and may remain there several weeks. Mrs. Scott is in poor health and the trip was made in the hopes of benefiting her.

Mr. Graber, erecting engineer for the Western Union Telegraph company, with headquarters in St. Louis, is here overhauling the battery plant in the Pennsylvania superintendent's building.

Chief Clerk Samuel Stock, of the Wabash freight office, who was sick yesterday, reported for duty this morning, but was soon compelled to relinquish work and return to his home. He resides in New Haven.

Special car "Atlas," with W. G. Besler within, was a part of Pennsylvania train No. 16 today. Mr. Besler is the vice president and general manager of the Central railroad of New Jersey. He had been west and is now en route home.

L. G. Otten, fuel clerk at the Pennsylvania motive power office, has returned from Dayton, Ohio, where he attended the funeral of his cousin, Mr. Breer. The deceased was a wood carver and a number of years ago resided in Fort Wayne.

W. N. Horstman, an electrician, has returned from the Vandalia, where he was looking after the lights on the special train of President Wood and the directors and officers of the Vandalia during their annual inspection of the property.

R. E. Barr, of the Illinois Central; Charles H. Walter, of the Pere Marquette; H. C. Webb, of the Alton, and Mr. Geerken, of the C., H. & D., traveling freight agents, were in the city yesterday looking up business for their respective lines.

The Marietta and Lake Railroad company was incorporated at Columbus, Ohio yesterday. It proposes to build a railway from Lore City to Freesport, a distance of thirty miles, and the company is capitalized at $1,000,000. E. P. Strandburg, of Cambridge, is the president.

It was necessary to again postpone permanent organization of the Building Trades division of the Federation of Labor last night on account of the Masons and Stone Cutters not having representatives present. There will be another meeting Friday, when the promotors of the organization hope to accomplish their object.

The wind yesterday morning sent three box cars that were on a siding at Montdale, on the Pennsylvania, off the derail, but fortunately none fell over on the main track. The wind also emptied the track water trough at Davis of its contents Tuesday night, the first instance of its kind ever recorded at Davis.

The annual convention of the International Master Boilermakers' convention will be held this year in Louisville, Ky., commencing April 27. B. F. Sarver, of the Pennsylvania, will take an active part in the proceedings as usual. He is on the committee which will report on "Steel vs. Iron Flues and the Best Method of Applying Arch Brick," one of the most important questions that will come before the meeting.

The claim department of the Pennsylvania railroad has just settled the bill for the burial of an employe's foot, which has been pending for nearly six years. The foot was that of John Proce, who is now employed as agent by the company at Vernon, and whose foot was accidentally cut off at Shelbyville, on October 26, 1903. The foot was turned over to Robert Stewart, an undertaker, for burial, and he sent a bill for $12, which the road considered excessive, advancing the opinion that $6 was enough for burying one foot, which sum Stewart agreed to accept a few days ago.

THOMAS BOUGHT THE JUROR STAMP IN A HOTEL

Got Change for Nickel in Course of Deal—Omo Confesses.

In connection with the story of the confession of Clarence Omo, of this city, that he had given perjured testimony in the trials of Herman Miller, John Stout and John Baker, convicted of the murder of Marshal Columbus Croy, of Woodburn, the Huntington attorneys engaged in the defense are trying to make capital of a trivial incident involving the purchase of stamps for one of the jurors by Prosecutor A. E. Thomas.

The story is to the effect that this juror offered a $10 bill in payment for stamps and the clerk had no change. Mr. Thomas, who was standing in the hotel lobby at the time, bought the stamps and gave them to the juror and this is related to show that an attempt was made to influence the man.

"I do remember something of the transaction," said Mr. Thomas this morning, "as the deal involved as much as five cents and I got some change back out of that. The juror was in a hurry to get back to the court house after the noon recess and had nothing but a big bill. I happened to be standing at the counter and just threw down the nickel to save the man a trip to the postoffice. I never thought anything more about it and did not think anybody on earth would take as ridiculous a view of the transaction as has been taken."

Omo is the man who testified that he was present in a Main street saloon and heard John Stout say to Herman Miller that "they had fixed Croy and forget it," or something to that effect. The state did not seek the testimony. Omo made the declaration that he had heard the conversation in the presence of Deputy Auditor Clayton Lindemuth and he in turn reported it to Mr. Thomas and Hon. J. M. Robinson. This occurred while the Miller trial was in progress.

The facts given in his statement to the attorneys were written down and shown to him and he said they were true. He was then used as a witness in good faith and Prosecutor Thomas says that if he perjured himself he ought to suffer. Omo's wife advised him against mixing in the case. He stated in one instance that the conversation took place in June and in another that it took place in January and this was the cause of his downfall. Last night he confessed at Huntington that he had lied in all the cases and a written confession was sworn to and will be used as evidence against him and in an application for a new trial for Baker.

Judge Erwin went to Hartford City today to try a case and just what action he will take in the Miller and Stout cases in the face of the new developments is not known. He has applied for and been refused new trials in both cases and has appealed them. It may be that he will now apply to Judge O'Rourke for a new trial on the ground that the testimony may have affected both juries.

Prosecutor Thomas, on the other hand, says the evidence was no part of his case in chief and that convictions were brought about by the confession of LaDuke and its corroboration and he does not believe the admission made by Omo will have much hearing in the matter.

How to Get Fat

Use Samose, Say Druggists Meyer Bros. Co. and Put on Good Flesh.

The almost universal interest in physical culture is the best evidence that can be offered as to the need of a simple and scientific method of making thin people fat, increasing strength and restoring health.

Athletics, when carried to an extreme, often result in straining the vital organs. How much better it would be for the average person to regain health, strength and flesh by using Samose. This flesh-forming food is assimilated as soon as it enters the stomach; it helps the organs to assimilate the food and extract the flesh-forming elements; it builds up the muscles and rounds out the limbs into shapely plumpness.

Samose has been so successful in making thin people fat, and restoring the weak and run down to strength and health that Meyer Bros. Co., the popular druggists, sell it under their personal guarantee to refund the money if it does not benefit.

An offer like this certainly shows remarkable faith in the powers of Samose to do all that is claimed for it. No one should suffer any longer from a thin, run down condition, now that Samose's remarkable powers are known.

Our agents are instructed to refund the price if Samose does not give satisfaction. The Dr. Howard Co., Binghamton, N. Y.

Zemo gives instant relief and cures by destroying the germ that causes the disease, leaving a clean, healthy skin. See display and photos of cures made by Zemo at Meyer Bros. Co. Ask for sample.

RHEUMATISM

Cured by Safe and Easy Home Treatment.

There are thousands of people suffering every day from rheumatism who can be cured.

Some continue to suffer because their doctors have said their cases were chronic and incurable. Others have tried many remedies without relief and have become discouraged.

The patient who has not tried Dr. Williams' Pink Pills has neglected a remedy for rheumatism that has accomplished thousands of cures. It is not a theory nor an experiment. The cures are a matter of record and capable of proof.

A Disease of the Blood.

Rheumatism runs in families. It can be inherited. It is therefore in the blood.

Every physician knows that the blood is greatly changed during an attack of acute rheumatism, that there are few acute diseases in which it becomes thin and watery with greater rapidity.

Dr. Williams' Pink Pills build up the blood. They begin at once to counteract the disease. Sometimes a very short treatment suffices to effect a cure. Other cases require persistent treatment. The following nearby cases are easily investigated and will be found to prove every statement made for this treatment:

VINCENNES WOMAN CURED.

Found No Permanent Relief Until She Used Dr. Williams' Pink Pills.

Mrs. C. E. Everts, of No. 1131 North Tenth street, Vincennes, Ind., whose husband is manager of the Vincennes Lumber Co., was cured by this remedy. She says:

"I was sick for a year with inflammatory rheumatism which was brought on, I think, by exposure and a run-down condition due to overwork and worry. I was so weak that I could hardly get around. I had such sharp pains in my hands that it seemed I couldn't endure them. I gradually grew worse and was obliged to go to bed where I remained for four months. My hands became crippled and I could not use them. I had nervous spells, my appetite was poor and whenever the weather was bad I suffered almost everything.

"I was living at Herndon, Kansas, at the time of my sickness, and was under the care of local doctors. They helped me but little and when I saw that Dr. Williams' Pink Pills were good for rheumatism I gave them a trial. I took several boxes and at first didn't think they were helping me but I kept on with them. Then I commenced to improve very rapidly. I gained in weight and was cured. I have since given the pills to my little daughter for her blood and they have helped her greatly."

SUFFERED FOURTEEN YEARS.

Another Indiana Woman Who Was Cured by the Treatment.

Mrs. Maurice White, a farmer's wife, on R. F. D. No. 6, Wabash, Ind., who lives about two miles from La Fontaine, was cured of a stubborn case, which she describes as follows:

"I suffered for 14 years with inflammatory rheumatism before I found a cure in Dr. Williams' Pink Pills. It attacked me when a young girl and I think I inherited it, as my mother suffered with it many years. I suffered terribly with pains in the joints of my hands, wrists and ankles. They were feverish and swollen to two or three times their natural size and for a long time the joints of my left hand were stiff. I was unable to do my housework and just dragged around. I was greatly run down and weighed only 114 pounds. My stomach was never strong and was often sour and filled with gas and my heart palpitated and sometimes pained me.

"At two different times I was confined to my bed for from three to four weeks and was under the doctor's care. While he helped me for a time I did not get well and the rheumatism returned as badly as ever. I also used many liniments and medicines but none of them helped me. Finally my mother insisted upon my trying Dr. Williams' Pink Pills for she had read so much about them. In a short time I felt better and took the pills regularly until I no longer felt the rheumatism. I now keep the pills on hand and take them occasionally as a tonic. I have gained in weight until I weigh 140 pounds, can eat anything I want to and can work all day without getting tired. I haven't had a return of the rheumatism, am not troubled with nervousness, which was always present with the rheumatism, and my heart does not bother me. I feel like an entirely different person and do not hesitate to recommend Dr. Williams' Pink Pills."

COULDN'T STAND STRAIGHT.

Severe Case of Rheumatism Cured Near Montmorenci.

Mr. George J. Wottschurack, whose farm is on R. F. D. No. 15, Montmorenci, Ind., says:

"I suffered for at least six months with rheumatism in my right shoulder and in my back. I was not confined to bed but was not able to do much of any work for three months of the time. I think the trouble was brought on by overwork and by taking cold after getting heated. The pains were often sharp and shooting, but there was always a dull aching pain. The pain was often so severe that I had to walk stooped over. It hurt me to straighten up. My kidneys were affected. I was nervous and had night sweats.

"I tried liniments some but they did not help me at all. I read about Dr. Williams' Pink Pills and bought six boxes. They soon helped me and I took them until cured. I felt like a new man. I have never had a return of the trouble and give the pills the credit for the cure."

SCIATIC RHEUMATISM.

This Stubborn Disease Was Quickly Cured by Dr. Williams' Pink Pills.

Mr. Eli S. Bolinger, a brick mason, of No. 51 West Van Buren street, Columbia City, Ind., says:

"A few years ago I had an attack of sciatic rheumatism and was sick for several weeks. I had been working in the snow cutting timber and think that the exposure may have hastened it. One morning while I was building the fire and was in a stooping position, the sciatica struck me in the right hip. I could hardly walk or bear my weight on that leg and whenever I moved, would have sharp pains from the hip to the knee. The pains felt as though some sharp instrument was being driven into the leg. The muscles felt all drawn up.

"Soon after the attack I got some of Dr. Williams' Pink Pills and gave them a good trial. In a few days I noticed I was getting better and so kept right on taking the pills. I took them some time after I felt well to make certain of the cure and have never had a touch of the disease since."

Get Rid of Your Rheumatism!

Let Us Pay

For a Package of Potosote, and Give It To You To Try

If you have Rheumatism you don't have to pay a penny. Just let us buy you a full sized package of Potosote—the condensed mineral water—so that you can try it and learn how much Potosote will mean to you. You can't rub Rheumatism out of the body, because it's in the blood.

If you are a constant sufferer from Rheumatism—no matter how bad it may be or what you have tried without success—accept this offer and stop your suffering. What Potosote does for others it will do for you.

Is This How You Suffer?

The best medical authorities agree that Rheumatism is due to uric acid in the blood. After Rheumatism has been in your system even a short time, the muscles and joints become afflicted, causing frightful pain, and eventually, marked deformities. Soon the poison reaches the heart, giving rise to what are known as Valvular Diseases of the Heart. The Kidneys also suffer, becoming inflamed and breaking down. When the pain strikes the muscles in the back it is often termed Lumbago.

If you suffer in any or all of these ways we want to prove to you the worth of Potosote, which guards the heart and kidneys by destroying the uric acid that causes your Rheumatism, and carrying it out of the system. Be fair to yourself and give Potosote a trial now when you need not risk a penny by doing so.

What Potosote Is

Countless people are cured every year of **Rheumatism, Constipation, Stomach, Kidney and Bladder Disorders and Liver and Skin Diseases** by drinking the waters which contain the same medicinal virtues obtained in Potosote—the condensed mineral water.

But it is costly to go to the springs. It takes hundreds of dollars, and weeks of time to obtain health at any of the noted watering places. Many have drunk the water at home, but the cost of this is also great on account of the bottling and shipping expenses.

Health Yours—At Home

Potosote does for health just what the famous springs would do. But Potosote comes right into your own home and you don't have to pay for water and bottles and shipping, as with bottled mineral waters.

Potosote comes in powdered form—in a small package, not a jug or bottle. It is the solids of the famous medicinal mineral waters. It is put up in this form because more economical for you.

The contents are to be dissolved in one gallon of water. Then you have a full gallon of the perfect mineral water—Potosote. If you will drink it according to the directions on the package, what you gain in health will be your reward.

35c Package FREE

This is not a sample distribution. We want to prove to you that health is yours—that there is no need to take disagreeable medicines that upset the system and leave you worse off than before—as so many drugs do. Potosote sells at 35c a package—all druggists sell Potosote—but the first package need cost you nothing. Don't suffer another day—send your name on this coupon at once and we will instruct a druggist to deliver to you FREE a full sized 35c package of Potosote.

GOVERNOR REFUSES TO OPEN FIGHT GAME

States Position on French-lick Case—Stands by His Inaugural.

Indianapolis, April 8.—Governor Marshall, in a letter to Attorney General Bingham yesterday, announced that he will not take part in the suppression of any gambling that is reported at French Lick, other than to give the prosecuting attorney information that could be used as evidence against persons who violate the law. Mr. Bingham furnished the governor with evidence that gaming was in progress at the resort, and in reply the executive informed the attorney general that if he would give him the name of the person who presented him with the evidence he would turn it over to the prosecutor for that district and the local authorities could handle the situation.

The evidence which Mr. Bingham furnished the governor was in the form of a card issued by the "Colonial club" at French Lick, which bore the announcement that there will be "keno at Brown's tonight." This information was in one corner of a poster, which, according to the information which comes from French Lick, is being posted in various places at the resort, and the same card bears a program of races that were to have been held on the afternoon on which the card was issued. The card is dated March 30, 1909.

The poster issued by the "Colonial club" also sets forth that the club has information concerning racing at Oakland, Cal. It was not sent to the attorney general in the form of a complaint, but by persons at French Lick who evidently remembered the attitude which former Governor Hanly took on a similar matter, forwarded it to the attorney general, thinking that it might be of use in a prospective prosecution through Mr. Bingham's office.

When asked about the matter Mr. Bingham said that he had turned over all his information on the subject to the governor yesterday morning and that if it was given out it would have to come directly from the office of the executive.

Willing to Urge Investigation.

"I have informed Mr. Bingham that if he will give me the name of the person who gave him the information I will send it and the card of the 'Colonial club' to the prosecuting attorney and let the local authorities take the matter up," said Governor Marshall.

"If Mr. Bingham wants that in the paper, it's all right with me." He then made public the letters which passed between him and the attorney general.

Mr. Bingham told the governor in his letter that the card bearing the advertisement of the "Colonial club" had come into his possession and that he believed it gave evidence that gambling was going on. He said that he didn't know whether the governor would be "interested" in the card or not, but that he simply called it to his attention in the event he should be. The governor, in reply, said:

"My policy of law enforcement was clearly outlined in my inaugural address. In accordance with that policy I ask you to furnish the name of the gentleman who forwarded you the card issued by the 'Colonial club,' which card you have mailed me. I ask for this information that I may send the card and the name of the gentleman to the prosecuting attorney of that district with instructions to investigate and bring criminal proceedings if the law is being violated."

OBITUARY.

Hugh M. Alexander.

Hugh M. Alexander, only child of James and Hulda Quinn, was born at Fort Wayne, Ind., Sept. 21, 1889, and died at his late home in Pittsburg Etna, Pa., April 1, 1909, aged 19 years, 6 months and 10 days. Funeral services at his late home on Maplewood street, Etna, at 5 o'clock Saturday, April 3, by the Rev. Thompson, his pastor, of First Presbyterian church, of Sharpsburg. The funeral was largely attended by his many friends and business associates. The remains were brought to Hicksville, Ohio, for burial. Funeral services were conducted by Rev. Euwers, of Lost Creek Presbyterian church, at 11 o'clock Sunday, April 4. Funeral was largely attended by his relatives and friends. Interment was at Farmer cemetery by the side of his father, Frank E. Alexander, who preceded him in death fourteen years.

Hugh M. Alexander was employed at the Atlantic Refining company for one and one-half years, during which time he gained the love and confidence of all those around him. He was a graduate of the Actual Business college and was attending, in the evenings, the Ellsworth Business college. Only the very highest terms of praise and regard are tendered him by his friends and employers. He was a quiet, honest, honorable man, gaining esteem wherever he went. His death is mourned by all who knew him, for to know him was to love him. He led a good Christian life and the one consolation to his bereaved parents is "God calleth His own" to finish in his future abode what here he began.

GETS MORE FIRE PROTECTION.

Lot of Modern Fire Extinguishers Installed in Anthony Hotel.

Besides the hindrance it offers to fire as a building and the many other precautions taken to guard against damage by flames, the Anthony hotel building is having installed in it twenty-seven modern fire extinguishers of the type made by the Western Inspection company, of Buffalo, N. Y. John C. Bowers, western agent of the company, has been in the city for the past few days and he has fully demonstrated the device.

The extinguishers are made of copper, are of portable size, and contain a chemical guaranteed to be effectual and one which will not damage the finest fabric. The devices are inspected and re-charged every four months by the company and Mr. Bowers states that he has taken orders for nearly a hundred and fifty of them in this city.

CURE YOUR KIDNEYS.

Do Not Endanger Life When a Fort Wayne Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Fort Wayne testimony:

Mrs. Elizabeth Balloue, 301 Baker street, Fort Wayne, Ind., says: "Doan's Kidney Pills are by far the best remedy that has ever entered our household. We procured them at Meyer Bros. Co.'s drug store, and different members of the family have been relieved of backache, rheumatism and other troubles caused by weak kidneys through their use. Doan's Kidney Pills have given these results after other remedies failed. I cheerfully endorse this excellent preparation."

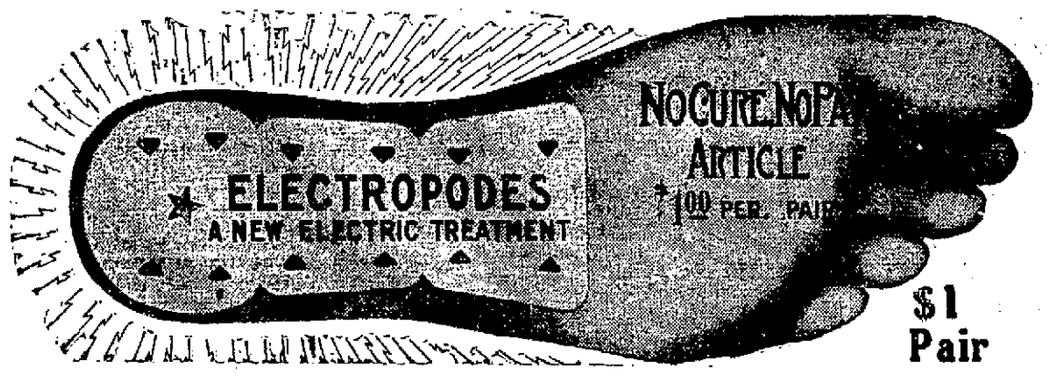
STOP TAKING DRUGS

And Try the New Electric Treatment



$1 Pair

A sure and positive cure for rheumatism in any form. They build up the entire nervous system, thus curing nervous headaches and all nervous ailments. They positively restore a good circulation of the blood and make cold feet warm. Ask your druggist to see Electropodes and if he cannot supply you, send direct to the Electropode Company, Lima, Ohio, and try a pair. The money is positively refunded if they are not satisfactory or fail to cure. Mention ladies or gents.

ELECTROPODES

Are chemically treated metal insoles, zinc and copper, the same as a galvanic battery. The zinc is worn in one shoe, the copper in the other. The nerves themselves are the connecting wires between the positive and negative, and every nerve of the body is fed a mild and soothing current of electricity the entire day which positively cures.

A CONTRACT

is signed by all druggists, agreeing to refund the money if Electropodes fail to cure rheumatism, Neralgia, Lumbago, Sleeplessness, Bad circulation, Cold Feet, Cramps, Nervous Headaches and other nervous ailments. They build up the inside nerves, thus curing Kidney, Liver and Stomach troubles. Try a pair for thirty days and be convinced of the wonderful merit there is in a proper Electric Treatment.

THE HAND OF POWER

Any machine or group of machines, or the entire factory plant can be started or stopped instantly by a hand upon the electric switch—if electric drive from Central Station is employed.

The M. E. conference at Peru recommended the following officers for the Fort Wayne M. E. college: W. F. Yocum, president; Homer C. Hartman, Philip Harter, Dr. J. I. Metts and Lem R. Hartman for trustees.

The Fort Wayne Turnvercin yesterday elected the following officers: A. Fuelber, president; F. Schanz, vice president; G. Schubert, first turnward; B. Goldammer, second turnward; D. A. Herman, secretary; Emil Haberkorn, treasurer; C. Doer, collector; F. Koenig, hall inspector.

This morning workmen came upon the cornerstone treasure box in the ruins of the burned First Presbyterian church. Among the papers was a copy of The Sentinel of July 12, 1845, then published by Thomas Tigar. On the editorial page was the following ticket: "For congress, Tenth district, Andrew Kennedy; for representative, F. P. Randall; for auditor, S. S. Morss; for school commissioner, Joseph D. Edsall; for prosecuting attorney, E. A. McMahon." All these gentlemen are dead except Mr. Randall. Congressman Kennedy died at Washington from smallpox; Mr. Edsall went to the Pacific coast and died out there.

WYETH'S SAGE AND SULPHUR HAIR RESTORER

Grew a Full Growth of Hair On a Bald Head

Here's the Proof

For two or three years my hair had been falling out and getting quite thin, until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly, until now I have used four bottles. The whole top of my head is now fairly covered with hair and it keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., April 8.—The pyrotechnic display which characterized trading in the wheat pit yesterday was entirely lacking at the opening today and prices were inclined to sag, owing to quite general selling by commission houses and leading holders. News of the day was bullish, the Liverpool market being up ⅝d to ¾d and exports for the week from Argentine being estimated at approximately one million bushels less than for the previous week but the market received no substantial support early in the session. Bull leaders were apparently willing to rest on their laurels for a time at least. The market opened at declines of a shade to ¾c, compared with the previous close, May being at $1.25 to $1.25½ and July at $1.11⅝ to $1.11⅞. During the first hour May sold off to $1.24⅞ and July to $1.11⅝.

Later in the day prices were again raised to a new high record mark on a mild burst of bullish enthusiasm which carried May up to $1.26¾ and July to $1.12¾@1.12⅞. All of the gain was lost shortly before the close on renewed profit taking, May dropping to $1.24¾. The close was easy with May off ⅞c at $1.24⅞. July was down ⅛c at $1.11⅝@1.11¾.

Declines of 1c or more in the May and July deliveries marked early trading in the corn pit. Selling pressure was general and the market had very poor support. Small demand for the cash grain and prospects for a big crop this coming season were the bearish factors. Prices at the start were ⅛@¼c to ½c lower, May being at 66⅞c to 67c and July at 68c to 66¼c. Early in the day May dropped to 66¼c and July to 65⅝c.

The low point for May was 66⅛c. There was a slight recovery on buying by shorts, but the market closed weak with May off ⅞c at 66½c.

Liberal realizing by leading longs caused weakness in the oats market. May sold off to 54⅞c after opening ⅛c to ¼c lower at 55⅛@55¼c.

Provisions were easy, owing to the heavy tone of grain. Trade was of small volume at the start. Prices at the opening were unchanged to 12½c lower.

The Close.

Prices at the close were as follows:

Wheat—May, $1.24⅞; July, $1.11⅝@1.11¾; September, $1.04; December, $1.02¾.

Corn—April, 65½c; May, 66¼c; July, 66¾c; September, 65⅝@65½c; December, 57⅝c.

Oats—May, 54⅝c; July, 47⅜c; September, 39⅞c.

Pork—May, $17.92½@17.95; July, $17.90; September, $17.92½.

OIL.

Toledo Market.

Toledo, O., April 8.—North Lima, $1.04; South Lima and Indiana, 98c.

STOCKS AND BONDS.

The Day on Wall Street.

New York, April 8.—Opening dealings in stocks today were active and the changes were mixed and generally narrow but the gains outnumbered the declines. Chesapeake & Ohio opened at an extreme advance of a point on running sales of four thousand shares. American Cotton Oil rose 1 and Union Pacific, Northern Pacific, Wisconsin Central and Virginia-Carolina Chemical large fractions. Atchison and American Locomotive declined ⅝ point.

Speculation ran along in about the same channel as yesterday, the chief demand being for the specialties. Some of the standard stocks showed marked strength, but there was not as a rule much inquiry for the railroad list, outside of Union Pacific and Reading. Mackay Companies advanced 3 points, American Cotton Oil 2½, Central Railroad of New Jersey, Hocking Coal, Western Union and Virginia-Carolina Chemical preferred 2, the common and American Sugar 1⅝, Wisconsin Central 1½ and American Telegraph and Telephone ½. There were a few weak spots, St. Louis Southwestern preferred, Colorado & Southern second preferred, and American Locomotive declining 1 to 1¼ points.

The market was one of specialities, one stock after another being brought forward from some obscurity for active advances. The usually prominent stocks, Atchison, St. Paul, Canadian Pacific, Louisville & Nashville, Atlantic Coast Line, Colorado & Southern, National Lead, Consolidated Gas, Central Leather and Pressed Steel Car gained 1 to 1½. In the other class Hocking Coal rose 3¾, Wisconsin Central 6, Colorado Fuel 2¾, Mackay Companies preferred 1¾, and International Paper preferred, Allis-Chalmers preferred, International Harvester, Corn Products preferred and American Linseed preferred 1 to 1½. Federal Mining sold at a decline of 4. Bonds were firm.

Many usually neglected stocks continued to come forward and were for a time more active than the usual market leaders. Low priced railroad stocks were rather active late in the day. Chesapeake & Ohio got up over 2 points, Iowa Central preferred, American Sugar preferred and International Harvester preferred 1½, Rock Island preferred 1¼ and the common, Southern Pacific, Missouri Pacific, Kansas & Texas, American Smelting, General Electric and American Sugar 1 point.

The market closed irregular and active. Selling to take profit became the rule, although there were some further advances. American Cotton Oil rose 3⅝, Chesapeake & Ohio 3½, Pullman 2, and Great Northern preferred 1. American Hide and Leather preferred lost 1. Reactions ran to a point in some active stocks, but was checked in the late dealings.

THE MONEY MARKET.

New York, April 8.—Money on call, easy, at 1¾@2%; ruling rate, 1¾%; closing bid, 1¾%; offered at 1¾%.

Time loans, very dull and steady; sixty days, 2@2¼%; ninety days, 2½%; six months, 2¾@3%.

Prime mercantile paper, 3½@4%.

Sterling exchange steady, with actual business in bankers' bills at 486.25@486.30 for sixty day bills, and at 487.70 for demand.

Commercial bills, 485⅝@485¾.

Bar silver, 50⅞; Mexican dollars, 44.

Government bonds, steady; railroad bonds, firm.

LOCAL MARKET EPITOME.

Market receipts in produce lines today did not total very large whereas the demands were good on butter, chickens, and eggs, keeping all the prices high. Tubers are also heavily sought for and considerable business is being done with the outside grown product. The price of eggs today is 19@20c per dozen, of chickens, 13@14c per pound, and butter is selling at 25@27c for the best quality.

Said G. H. Crouse, of the commission house of G. H. Crouse & Co., this morning: "Demands tomorrow will run heavy on chickens, but we do not expect the receipts to be any too heavy. Of course the other lines will be in good inquiry and the quotations will at least continue the same, the only possibilities being of rises."

The rise in wheat today caused sympathetic changes in the other grain lines. Oats is quoted at 52c corn 62c, barley 65c and rye, 75c.

Lower Michigan—Part cloudy tonight and Friday.

For Ohio—Fair and cooler tonight; Friday fair.

CITY BREVITIES.

Mrs. Henry P. Scherer is said to be recovering from an operation to which she submitted at the Lutheran hospital several days ago.

A local talent burlesque show will be given some time in May by eight members of the Turnverein Vorwaerts. Rehearsals started last night.

A loss of $5 was sustained by the National Plating and Model works yesterday afternoon when a small fire was started from the stovepipe in its building at 703 West Washington street.

Arthur Kadle, an employe of the Kruse Sewer company, had the lower part of his body caught in a cave-in while working in the new Forest park addition yesterday. His injuries consisted mostly of bruises.

A dividend of 3 per cent. was declared by the directors of the People's Trust company at a recent meeting. In view of the comparative youthfulness of the company, the record is considered more than satisfactory.

The Milwaukee German Show company will appear at the Majestic theater in this city on the 29th of this month in a play entitled "Goldschmidt's Witte," a comedy. The production will be under the auspices of the United German societies of Fort Wayne.

H. H. Rogers has arranged for the opening of a branch store and a factory for the manufacture of optical goods at Springfield, Ill., and Will A. Barker, who has been his assistant in this city for a number of years, will soon remove to that city to take full charge.

The new Shoaff building being erected on the site of the old Aveline hotel will be nine stories instead of seven, as originally intended. This entails an additional cost of $25,000 and will delay the completion of the building until the 1st of November. The concrete work has already been started in the cellar.

An automobile belonging at the Randall garage and driven by Bert Simcoe and a Broadway street car came together at the corner of West Wayne street and Broadway last night and though the machine was badly wrecked, the driver escaped uninjured. Simcoe says he was driving east and noticing the car applied the brakes, causing his machine to slide on the street car tracks. Before he could back away the street car had crashed into the front of his machine.

Eleven applicants were on hand for enlistment into the United States navy Wednesday afternoon when Lieut. C. W. Densmore and Dr. H. B. Fitch made the examinations and all were accepted. The men are R. H. Doty, H. L. Gladfelter, H. A. Rossman, C. A. Peterson, C. H. Moore and A. D. Trice, of Columbus Grove, O.; E. H. Keeran, of Defiance; A. L. Morris, of New Hampshire, O.; F. A. Wheeler, of Continental, and George Huffman, of Berne. Chief Mechanic's Mate H. Dedlein is in charge of the local office and he sent the recruits to Norfolk, Va., this morning.

RIVER COMMISSION AT WORK.

Judge Taylor With the Party Now at St. Louis.

St. Louis, April 8.—The Mississippi river commission, composed of Col. W. H. Bixby and John A. Ockerson, of St. Louis; R. S. Taylor, of Fort Wayne, Ind.; Col. William F. Rossel and Maj. James G. Warren, of Cincinnati; H. B. Richardson, New Orleans; H. P. Ritter, of Washington, D. C., and Lieut. C. H. Knight, St. Louis, held a hearing here this morning on the steamer Mississippi and departed for New Orleans on a semi-annual inspection trip. The customary meetings with various levee boards and other river improvement organizations will be held en route.

ELEVATORS FOR HOTELS.

Both the New Wayne and the Randall hotels received their new electric passenger elevators today and work on installing them was begun at once. The Wayne elevator was made by the Otis Elevator company, of Chicago, and the Parkhurst Manufacturing company, of Peru, made that for the Randall. Both are of the most modern and approved types.

PASTOR MAY BE POLICE CHIEF.

Methodist Minister Offered Post By Mayor of Mason City, Iowa.

Mason City, Iowa, April 8.—Dr. W. W. Carlton, pastor of the Methodist Episcopal church of this city, has been tendered the position of chief of police of this city by Mayor Fred A. Kirschman. In the election of a week ago Mr. Kirschman pledged to give the city a clean administration and in fulfillment of this pledge has made this tender to one of the most aggressive and capable exponents of municipal reform in the west, and, so that salary would not interfere, one of the wealthy citizens has come forward and made a tender of $40 per month in addition to the regular salary.

Mr. F. G. Fritts, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is best for women and children, as it is mild, pleasant and effective, and is cleanses the system and clears the a splendid spring medicine, as it complexion. Dreier & Bro.

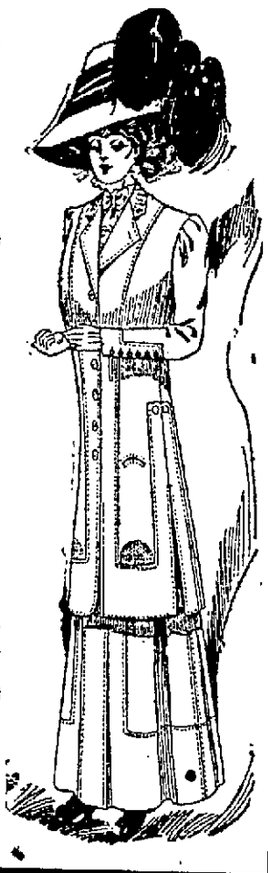
Women With Easter Suits to Buy

Will Find Most Expeditious and Most Satisfactory Shopping Here



Name the color you want—it can be found. State the material preferred—it will be on hand. Tell the price you want to pay; model after model will be shown you.

If there is any style you desire, we can show it in many materials, at many prices.

If you haven't definitely decided, you can try on and try on until you find the lines that suit your figure, the color that is becoming, the trimming that pleases.

SUITS PRICED FROM $15 TO $50

And every suit from the least expensive to the most elaborate, is built upon that foundation of trustworthy material and skilled, thorough tailoring that is the prime essential of satisfactory wear.

An Easter Suit chosen here will give you pleasure in the choosing and utmost satisfaction in wearing.

VASES FOR EASTER BLOOMS

A SPRING NECESSITY—A NEW CORSET

So important this spring is a corset of correct shape that it is folly to think of having a new garment over a last season's model. The cleverest of dressmakers cannot do her best under such conditions.

In our representative stock of Corsets there is something built along the new lines for every figure—or lack of it.

Such Corsets as the P. N., the W. B., and W. D. Special. All in regulation and high grade models. Prices range from $1.00 to $5.00.

For Farm and Garden

We have every sort of seed worth planting. Our seeds are fresh and free from weeds and old seeds that often come with the ordinary kind. When we sell you seeds you can count on a rousing good crop, wether it be of grain, vegetables or flowers. Our seeds will do their share if you do yours.
